

TARIFF MESSAGE IS SENT TO CONGRESS

President Taft Urges Revision of the Dingley Law and Tells Congress Not to Waste Time.

SUGGESTS OTHER MATTERS BE IGNORED

Washington, March 16.—Following is the text of President Taft's special message to congress urging revision of the tariff:

To the Senate and House of Representatives: I have convened this session in extra session in order to enable it to give immediate consideration of the revision of the Dingley tariff act. Conditions affecting production, manufacture and business generally have so changed in the last twelve years as to require a readjustment and revision of the import duties imposed by that act. More than this, the present tariff act, with the other sources of government revenue, does not furnish income enough to pay the authorized expenditures. By July 1st next the excess of expenses over receipts for the current fiscal year will equal \$100,000,000.

The successful party in the late election is pledged to a revision of the tariff. The country and the business community, especially, expect it. The prospect of a change in the rates of import duties always causes a suspension or halt in business because of the uncertainty as to changes to be made and their effect. It is, therefore, of the highest importance that the new bill should be agreed upon and passed with as much speed as possible consistent with its due and thorough consideration. For these reasons, I have deemed the present to be an extraordinary occasion, within the meaning of the constitution, justifying and requiring the calling of an extra session.

In my inaugural address I stated in a summary way the principles upon which, in my judgment, the revision of the tariff should proceed and indicated at least one new source of revenue that might be properly resorted to in order to avoid a future deficit. It is not necessary for us to repeat what I then said.

I venture to suggest that the vital business interests of the country require that the attention of the congress in this session be chiefly devoted to the consideration of the new tariff bill, and that less time be given to other subjects of legislation in this session the better for the country.

(Signed) WILLIAM H. TAFT.
The White House, March 16, 1909.

IN THE SENATE.

Washington, March 16.—Forty-four republican and eleven democratic senators were in their seats when the president's message was laid before that body and read today.

The first business of the senate today was the reception of a verbal report by Senator Aldrich, who, with Senator Daniel, had waited upon the president to inform him officially that congress was ready to receive a message from him. As soon as the announcement was made that the president would communicate with congress the president's secretary had the special message and it was at once read. It received careful attention on the part of the senators, many of whom laughed when the president's suggestion that no legislation except in relation to the tariff be considered at this session was read.

A motion by Senator Hale providing for an adjournment today until Friday was adopted and at 12:18 the senate adjourned.

IN THE HOUSE.

Washington, March 16.—When the president's message was read in the house the republicans broke out into long and prolonged applause. The message was referred to the committee on ways and means.

BOYCOTT IS EXPLAINED.

Washington, March 16.—Many of the members who attended the caucus of democrats of the house last night do not interpret the resolution adopted thereat as a "boycott" of all of Speaker Cannon's possible committee assignments of minority members. As explained today the resolution was adopted to censure the democrats who bolted the minority leadership yesterday in the house and to provide a punishment for their act.

The intention of the caucus, it is explained, was to prevent the "bolters" from obtaining any reward for their course. It is believed, therefore, that Minority Leader Clark will object to the assignment of no members to committees except the twenty-four democrats who deserted his leadership. In the event that assignments are refused and the house excuses a member from serving on a committee, the speaker

may decide to leave the position vacant, thus giving more power to the republican members of the committee. In the speaker's room it is not believed that any serious embarrassment will arise over the action of the democratic caucus.

TARIFF BILL IS DELAYED.

Washington, March 16.—The new tariff bill will be introduced in the house tomorrow, the delay in its presentation being to secure the approval of a new republican member on the ways and means committee, whom the speaker will appoint to succeed Mr. Bonyne, of Colorado, whose term has expired.

NOTIFIED THE PRESIDENT.

Washington, March 16.—Senators Aldrich and Daniel and Representatives Clark, Olmstead and McKinlay, the notification committees of the senate and house respectively, called on the president this morning. The president informed them that he would send a message to congress today. The message will not be ready before noon.

NEW COMMITTEE MEMBERS.

Washington, March 16.—Speaker Cannon today announced the ways and means committee and rules committee. The new members of the ways and means committee are: Cushman, Washington, republican. Harrison, New York; Broussard, Louisiana, democrats. The full committee, as announced, follows:

Rules.—The speaker, Dingley, of Pennsylvania; Smith, Iowa; Clark, of Missouri; Fitzgerald, of New York. Ways and Means.—Payne, of New York; Dingley, Pennsylvania; McCall, Massachusetts; Hill, Connecticut; Boutelle, Illinois; Needham, California; Calderhead, Kansas; Fordney, Michigan; Gaines, West Virginia; Cushman, Washington; Longworth, Ohio; Crumpacker, Indiana; Clark, Missouri; Harrison, New York; Broussard, Louisiana; Underwood, Alabama; Griggs, Georgia; Pou, North Carolina; Randall, Texas.

SLAYERS OF BLACK HAND SLEUTH TO BE HUNTED

Italy Will Spare no Means of Money or Effort to Run Them Down.

Rome, March 16.—The general inspector of police sent from here to Palermo to try to apprehend the murderers of Lieut. Joseph Petrosino, of the New York police, who was killed in Palermo Friday night, has been given unlimited power by the government to pursue his quest and he has been authorized also to spend as much money as is necessary. No reward has been offered for the capture of the assassins because it is realized here that such a step would decrease the chances of success. The organization of the mafia is such that any person to whom this reward was paid would at once be killed.

According to reports in possession of the Italian authorities the mafia organization in Italy is receiving material assistance from the branch established in New Orleans. Some of the members of this local branch are wealthy and it is their practice to supply their associates both in New Orleans and Sicily with funds.

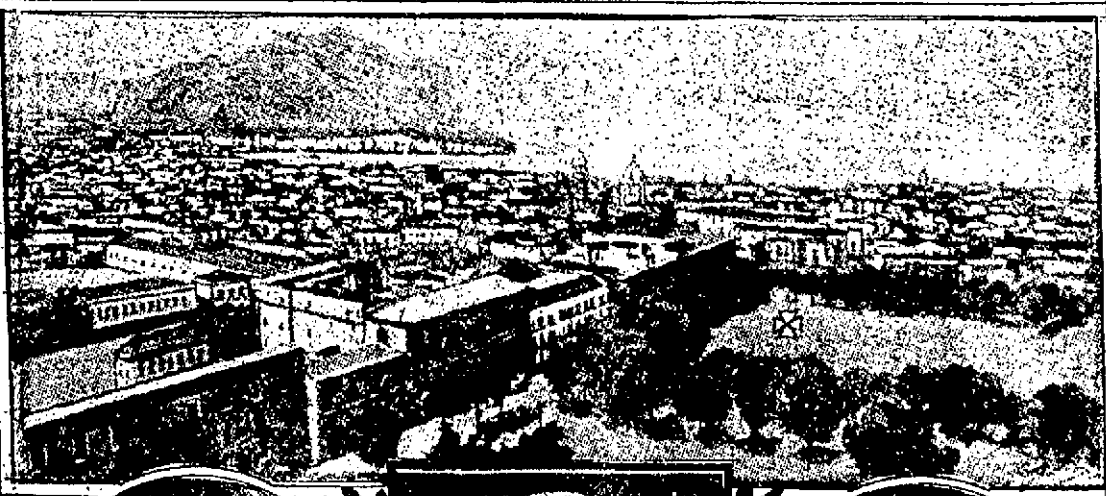

BLACK HAND LEADER.

Marion, Ill., March 16.—Joseph Scribba, who was mentioned as a "suspect" by Assistant Chief of Police Schuetzler, of Chicago, in connection with the assassination of Lieutenant Petrosino in Sicily, was a resident of this town. Members of the local Italian colony assert he has not been here for seven months, but at the postoffice it was said he had called for mail much more recently than that. His name does not appear on any of the local court records.

Mrs. C. H. Green has returned to her home in Toledo after attending the funeral of the late Dr. Nellie B. French.

A FEDERAL SUIT TO BREAK HARRIMAN MONOPOLY

Wizard's Clutch on Beyond the Missouri Traffic is Attacked.

Chicago, March 16.—The Chicago hearing in the government's suit against Edward H. Harriman and his associates, the Union Pacific Railroad company and subsidiary railroad companies to break up what Attorney General Bonaparte termed "a substantial monopoly of the transportation between the Missouri river and Pacific coast" opened today before Special Examiner Sylvester G. Williams. The hearing is a branch of the case instituted in Salt Lake City a year ago. The government's first witnesses are expected to testify at the present examination.

Wentz was a commercial agent for the Rock Island road before his retirement. He said that prior to the formation of the Harriman "combine" in 1901, competition among western railroads was vigorous, but that upon the formation of the combination it practically ceased.

KILLS TWO ARMY OFFICERS.

German Civilian Fights Two Duels in One Day.

Eisenach, Germany, March 16.—A civilian fought two duels here today with officers of the army and killed both his opponents. Pistols were used. The civilian's name is Schutzebar Milg, and he is a wealthy land owner residing near Hohonus. His opponents were a lieutenant named von Buttlar, and an army surgeon whose identity has been concealed. Herr Milg's wife is said to have been an American. Jealousy prompted him to challenge and fight both the army officer and the same day.

COST OF UNIONISM.

Charleston, W. Va., March 16.—The annual meeting of the United Mine Workers of America of district No. 17 opened here today. President Davis in his annual report stated that \$700,000 have been expended in West Virginia since 1902 to get a foothold for the organization. The present membership is 1,553 against seven thousand in 1903. The falling off in membership he attributes to the depression of the coal business.

CUBAN SOLDIERS MUTINY.

Havana, March 16.—A sergeant and seven privates of the rural guard, stationed at the town of Vuelta, in Santa Clara province, have mutinied and taken to the woods with their horses and arms. It appears to be their intention to make an effort to start an uprising. Strong detachments of the rural guard from adjacent garrisons have been sent in pursuit of the mutineers.

AN INDIANA ENOCH ARDEN SEES HIS OLD FAMILY

He Has Remarried as Well as the Wife He Long Ago Deserted.

Mitchell, Ind., March 16.—Reappearing here after an absence of twenty-nine years, during which he had sent no word home, John T. Bates found his wife had remarried upon receiving a report that he had died in a foreign country. Their children are men and women. Bates also has a second wife and there is a son by his second marriage. For nineteen years Bates has been in business in Rushville, Ind., where he will return tomorrow after having visited his friends and his first family. He is 70 years old.

JUDGE'S CHARGE DELAYED

Another Halt in the Cooper Trial at Nashville.

Nashville, Tenn., March 16.—Although no definite time has been set for the delivery of Judge Hart's charge to the jury in the Cooper-Sharp trial for the murder of former United States Senator E. W. Carmack, there was a fairly large crowd in attendance this morning. Judge Hart did not arrive until 9:30, when he announced that he would not be prepared to begin his charge until 2 o'clock, if then.

"I will excuse you all until 2 p. m.," he said to the audience. "Those of you who have other business to attend to may go until that hour, but come back then and I'll tell you when to return again. Any way, the crowd is too small for me to deliver the charge. I want at least as large an audience as the other fellows had."

When 2 o'clock arrived Judge Hart announced that his charge to the jury was still incomplete and ordered court adjourned until 9 o'clock tomorrow.

"And I will not make any promises that it will be ready then," declared the court.

[Special to The Sentinel.] Indianapolis, March 16.—In affirming the decision of the lower courts in an Indianapolis case today, the supreme court held the Indiana anti-trust act to be constitutional.

LONG FIGHT SETTLED.

Washington, March 16.—The long contest over the appointment of a collector of customs at Charleston, S. C., which was waged over the selection of Dr. William D. Crum, was terminated today by the appointment by President Taft of Edward W. Durant, Jr., for the position. The selection of Mr. Durant is generally accepted as the introduction of President Taft's announced policy of appointing white men to federal positions of responsibility in the south.

JOHNSON CHANGES PLANS.

Chicago, Ill., March 16.—Champion Jack Johnson stated this afternoon that he had abandoned his plan of visiting Galveston, his home, at this time, having just received a telegram calling him to New York, where he expected to meet Jeffries, for a talk.

FEUDISTS RUN INTO AMBUSH AND ONE IS KILLED

Fleming Got Out of Penitentiary to Find Wife Had Wed Enemy.

Huntington, W. Va., March 16.—John and Frank Fleming, two alleged members of a feud gang that have terrorized Hart's Creek, in Lincoln county, forty miles south of this city, were shot from ambush last evening and as a result a renewal of feud activities is now anticipated. Frank Fleming was killed and his brother, John, seriously wounded. The latter was released from the penitentiary last Saturday. He had served a term of two years for conspiracy to defraud the government. When he reached home Monday he learned that his young wife, after securing a divorce from him, had married John McCoy, a bitter enemy of his. The two Flemings last evening started for McCoy's home, near Attenville. While on the way they were ambushed.

WILL SEND BACK BATTLE FLAGS.

Ohio Troops to Escort Returned Trophies to Dixie.

Columbus, O., March 16.—Two members of the Fourth Ohio Cavalry will bear back to the south a Confederate flag captured by that organization from Alabama soldiers at Selma, that state, during the civil war.

Governor Harmon in a letter to Mrs. Charles G. Brown, president of the Alabama division of the United Daughters of the Confederacy of Birmingham, concluded that a personal delivery of the flag would be fitting and that he would select members of the command that brought it to Ohio to take it back to the former owners. It is Governor Harmon's intention to have the flag turned over to the soldiers who once carried it aloft at a reunion to be held at Huntsville, Ala., May 1st.

NIGHT RIDERS ABROAD.

Hopkinsville, Ky., March 16.—Night riders have resumed their lawlessness in Christian and Caldwell counties. Plant beds of independent farmers are being scraped and feeling is running high. Four tobacco beds were destroyed near Hopkinsville last night and an effort is being made to track the marauders with blood hounds.

CHANLER KILLS A MAN.

Charlottesville, Va., March 16.—John Armstrong Chanler, a brother of Lewis Stuyvesant Chanler, of New York, and a member of the Astor family, shot and killed an Englishman named Millard last evening. It is understood Millard, who was in the employ of Chanler, had been beating his wife, who ran to "Morrills," the Chanler country home, for protection.

NOTED LION TAMER DIES.

Colorado Springs, Col., March 16.—Amos McCoy, well known to circus managers throughout the country as an acrobat and lion tamer, died in this city last night of pneumonia. McCoy was employed at the Zoo here as caretaker, having come west some time ago broken in health.

PARIS STRIKE IS GROWING GRAVER

Telegraph and Postoffice Labor War Becoming Very Serious.

MEN ARE STANDING CLOSE TOGETHER

Bluff at Working, but the Country's Business on Wires Paralyzed.

Paris, March 16.—The general strike of the telegraph, telephone and postal employees of the state is spreading. A majority of the day shifts in all branches of the service reported for duty this morning. Nevertheless the services are more or less crippled or demoralized today, the main defections being in the telegraph and railway mail service.

Detachments of police and municipal guards occupy the stations to prevent possible attempts at interference when the shifts are made.

The employees are continuing their tactics, which consist of occupying the places, but doing little or nothing.

The leaders of the movement have called a number of meetings for the purpose of furthering the spirit of resistance.

At an early hour this afternoon it was apparent that the strike was extending rapidly. The mail trains are inadequately equipped and in some cases they had to be abandoned. It was officially admitted that telegraphic communication with Vienna, Geneva, Frankfurt, Berlin, Marseilles and Milan was interrupted and that there was great delay with London.

Letters and telegrams from the provinces are not being delivered and are piling up, but foreign communication with the exception of London, is almost normal.

The measures proposed by M. Sully-Prudhomme temporarily prohibiting further meetings of postal employees have been unanimously approved by the cabinet.

SOME TIME NEXT WEEK.

It is Hoped to Have First of Excursions Planned by Merchants.

Following the policy adopted at the last meeting of the Retail Merchants' association, arrangements are now being made which, if successfully carried out, will mean that the first of the big incoming excursions from towns within a radius of thirty miles will be given some time next week. The committee which has this matter in charge gives favorable reports from the majority of the roads leading into the city, but complete arrangements have not been made with one of the interurban lines.

The merchants planned these excursions with a view of stimulating local trade and on the day in which they are held special bargains will be on hand at all the stores. Such excursions are given into many cities of the country no larger than Fort Wayne and it is fully believed that they would be appreciated by those living close enough to make the trip comfortably.

OFFICES ARE MOVING.

Many Changes Under Way in Traction Terminal Building.

Work of moving several of the offices in the interurban station building to make room for the United States Express company's offices began this morning. The office of Superintendent of Transportation Hardy and Auditor Vordermark go to the second floor of the building, while C. G. Guild, superintendent of light and power, will take the quarters vacated by Mr. Vordermark at the front of the building. The express offices will be located in the rear of the building, with a frontage on Pearl street.

GETS BIT O' THE GREEN.

John Pauley Receives Shamrock from Old Ireland.

The approach of St. Patrick's day invariably brings to Clerk John Pauley, of the Randall, some remembrance of the day from relatives in Old Ireland, and the annual memento arrived this morning. It was a liberal allotment of Shamrock from the hills of Tipperary, accompanied by a card expressing the season's best wishes. Mr. Pauley declines to wear the imitation shamrock, insisting upon having the genuine sprig o' green from the Emerald Isle.

Rome, March 16.—The pope today ratified the appointment of Monsignor John Farrelly, at present spiritual director of the American college at Rome, to be bishop of Cleveland, O., in succession to the late Bishop Horstmann. This appointment was decided upon at a recent meeting of the consistorial congregation under the presidency of Cardinal de Lai.

CHAMP CLARK AND UNCLE JOE WARM

Speaker Says Champ is a Tommyrotter and LaFollette a Fake.

CHAMP SAYS UNCLE IS PARETIC VICTIM

White Scene of Delivery of Choice Consignment of Sentiments.

Washington, March 16.—Speaker Cannon and Champ Clark, the minority leader of the house, swapped tart remarks about each other at the white house today. The speaker called upon the president early in the morning and when he was leaving the executive offices made this answer to the question as to the fight in the house yesterday:

"The amendments to the rules have greatly improved them. All this stuff about the speaker being a czar is the purest tommyrot. There has never been a time when the majority could not control the house. What they wanted to do was to make a committee of fifteen czars, dominated by Champ Clark and LaFollette. That is also tommyrot. LaFollette is a fake." When Champ Clark called on President Taft later in the morning and was told what the speaker said, he answered briefly:

"Uncle Joe has paresis." Mr. Clark would not comment further except to say that the amendments to the rules adopted yesterday amounted to little.

WILL CAUCUS TONIGHT.

Washington, March 16.—The house democrats will probably caucus tonight as a result of the conflict between themselves and Speaker Cannon over the methods of appointing committees.

BAKER TRIAL DRAWS TO CLOSE AFTER DELAY

Juror Recovers and Arguments Resumed at Huntington.

[Special Correspondence.]

Huntington, Ind., March 16.—Following a delay occasioned by the illness of Juror James Charles, who has been indisposed and unable to sit on the jury since last Thursday, the arguments in the John Baker murder trial were resumed here this morning and, if the other cases can be taken as a criterion the accused will know his fate by late this evening.

Court resumed its session at 2 o'clock this afternoon and Hon. James M. Robinson, who is assisting the state, had an hour and a quarter of his time left. Three-quarters of an hour had been allowed for the instructions, and with no outlook for delay it was calculated that the jury would get the case at 4 o'clock.

Judge R. K. Erwin, who was speaking when court adjourned last week, resumed his argument this forenoon, and was followed by Attorney Fred Bowers. Mr. Robinson began his talk before court adjourned for the noon hour and his was the last in the trial. During the address of Judge Erwin this morning he was interrupted two or three times by Mr. Robinson, who objected to statements he made to the jury.

Juror Charles showed very plainly the effects of his illness, but he was able to take his seat and remain during the closing arguments. The state's attorneys think they have as strong a case against Baker as those against Miller and Stolt and look for a conviction in an hour after the jury retires. Judge Erwin, on the other hand, thinks he has broken down the defense and is expecting an acquittal.

WORLD'S RECORD FOR WOMEN.

Pittsburg, Pa., March 16.—The world's record in the double event for women bowlers was broken at the ninth annual tournament of the American Bowling congress, in session here today, when Mrs. M. Kern and Miss Berdie Kern, both of St. Louis, rolled 1,024. The previous record made at Cincinnati by Mrs. Hull and Mrs. Roskopf, of Chicago, was 964.

FRIEND OF DUMB ANIMALS DEAD.

Boston, Mass., March 16.—George Thornbyke Angell, the "friend of dumb animals" and the leader in the humane education movement in the United States, died here early today aged 86 years. He had been in failing health for a long time. Mr. Angell for twenty years had been president of the American Humane Educational association.

OLD LINE LEADERS CONSPICUOUS BY ABSENCE

W. G. Carpenter Captures Republican City Chairmanship in a Walk.

One could have called the roll of the old-line republican leaders in Fort Wayne at the organization meeting of the new republican city central committee Monday evening without eliciting enough responses to have seriously disturbed the silence of the occasion. They were not there. Wilbur G. Carpenter was chosen chairman against opposition that did not get strong enough to be dangerous. Harry G. Hogan was elected vice president. D. Burns Douglas was made secretary and E. W. Cook treasurer. Thirty-three of the new committee-men were present when Mr. Carpenter called the meeting to order and named W. T. Jeffries as temporary secretary. L. P. Sharp, holding the proxy of Chester Schlefer, elected from the first precinct, protested against the plan to fill vacancies upon the committee by appointment, and after Mr. Sharp, Mr. Carpenter, Harry G. Hogan and others had spoken, the question was deferred and it is probable that special elections will be held. On the call for nominations for chairman, Floyd Golden, of the Sixth ward, presented the name of Mr. Carpenter. H. C. McDowell named Harry G. Hogan, who lost no time in declaring that he could not serve. Barney Hattle presented the name of George H. Loesch, and J. S. O'Day named Lee J. Hartzell. With Mr. Hogan presiding, the ballot was taken and it resulted as follows: Carpenter, 21; Loesch, 8; Hartzell, 2; Hogan, 2. Mr. Hogan was elected vice chairman by acclamation on motion of E. H. Bookwalter. For secretary, Edwin Hulse nominated D. Burns Douglas and Wesley DeVillbiss named G. A. Sthair. Douglas was elected, the vote being: Douglas, 25; Sthair, 11. E. W. Cook was chosen treasurer by acclamation. The meeting was composed almost entirely of younger members of the party, and the absence of the old and prominent republican leaders was freely commented upon.

The new democratic city central committee will meet at the city hall assembly room this evening for the purpose of organization for the coming municipal campaign. Louis S. C. Schroeder is the only avowed candidate for the chairmanship. Chairman A. E. Melching says he is not a candidate for re-election, and other names mentioned in connection with the place are those of Harry Hilgeman and John W. Eggeman.

Councilman James M. Henry, of the Fourth ward, is now being favorably mentioned by republicans as a candidate for the mayoralty. Lakeside friends of L. A. Rose are also urging him to get into the race.

Hundred Thousand Dollars Being Taken Out on Anthony Hotel.

The executive board of the Fort Wayne hotel association which built the Anthony hotel building are in session this afternoon at the Anthony Wayne club and are settling the insurance question which has been up in the air for some time. It is believed by the members of the board that a hundred thousand dollars will be sufficient to take out on the building and there has been some contention as to the rate that ought to be charged.

DEMOCRATS UNITED WITH STANDPAT CONTINGENT

Help to Save the Day for Cannon and the Rules of Old Regime.

Chicago, March 16.—The Record-Herald today prints the following Washington special from Walter Wellman:

Re-elected, but morally repudiated, still in power, but saved from overthrow only by democratic votes secured through tariff and other log-rolling promises, is Joseph G. Cannon, for the fourth time speaker of the house of representatives.

After a day of almost unparalleled excitement and disorder, many ups and downs, victory, defeat and then victory again, the old regime remains in possession of the field and for two years more the obnoxious one-man power system is to be continued in the lower branch of the American congress, the system which Colonel Roosevelt has predicted will lead to the defeat of the republican party at the next national election. Cannon was re-elected speaker by 204 votes against 166 for the democratic candidate, Champ Clark, and 12 scattering, the last all from republicans, showing that Mr. Cannon cannot command his own party even on a strictly partisan question like the speakership. On the burning question of a reform of the rules of the house, the insurgents were at first victorious, voting down Daltzell's resolution for the adoption of the old rules unamended by a vote of 193 to 189, but later they were decisively defeated by democratic defections due to the log-rolling tariff and committee assignment tactics employed in Cannon's behalf, the final vote on the adoption of the old rules with slight amendments standing 211 to 172. Twenty-eight of the thirty-one members of the heroic band of republican reformers faced the music and answered to their names and the triumph would have been theirs but for the treachery of twenty-three plunder-seeking democrats.

The black list of twenty-three democratic members who deserted the cause which their party had espoused and yielded to the blandishments of the old regime, with committee places and tariff schedules as the bait, is as follows:

- Bartlett (Nev.) Howard (Ga.)
- Brantley (Ga.) Kellher (Mass.)
- Broussard (La.) Lee (Ga.)
- Conroy (La.) Lindsay (N. Y.)
- Edwards (Ga.) Livingston (N. Y.)
- Estepinal (La.) McDermott (Ill.)
- Fitzgerald (N. Y.) Moon (Tenn.)
- Fornes (N. Y.) O'Connell (Mass.)
- Goldfogle (N. Y.) Peters (Mass.)
- Goulden (N. Y.) Riordan (N. Y.)
- Griggs (Ga.) Sparkman (Fla.)
- Harrison (N. Y.)

The vote by which the rules of the last congress, slightly amended, were adopted at the close of a stormy day was 211 to 172. Mr. Townsend, of Michigan, who had a pair with Mr. Russell, of Texas, voting present. On this vote only three of the original thirty-one republican insurgents deserted and voted with the "regulars" for the rules. The deserters were Hollingworth, of Ohio; Johnson, of Ohio, and Steenerson, of Minnesota.

The roll of honor of republican members who voted against the adoption of the rules contained twenty-eight names, as follows:

- Cary (Wis.) Kopp (Wis.)
- Cooper (Wis.) Kustermann (Wis.)
- Davidson (Wis.) Lenroot (Wis.)
- Davis (Minn.) Lindbergh (Minn.)
- Fowler (N. J.) Lovering (Mass.)
- Gardner (Mass.) Madison (Kan.)
- Good (Iowa) Morse (Wis.)
- Gronna (N. D.) Murdock (Kan.)
- Haugen (Iowa) Nelson (Wis.)
- Hayes (Cal.) Norris (Neb.)
- Hinsbaw (Neb.) Pickett (Iowa)
- Hubbard (Iowa) Poindester (Wash.)
- Kendall (Iowa) Volstead (Minn.)
- Kinkaid (Neb.) Woods (Iowa)

It will be noticed that all but three of these brave men hail from the western states and most of them from the great northwest.

Not within the recollection of the oldest member have more exciting scenes prevailed in the house than were witnessed today. Several times the disorder threatened to pass beyond the control of the speaker. The members were thoroughly wrought up over the contest over the rules, and Mr. Fitzgerald, a democrat from New York, gave the signal for the first outbreak when he announced that he would vote against the resolution offered by Champ Clark, the democratic leader, because Mr. Clark refused to yield to him for a speech. It was merely a pretext. Mr. Fitzgerald never intended to vote with the majority of his party. He has held an important position on the appropriations committee and has been so closely associated with Mr. Tawney, chairman of that committee, and other leading Cannon lieutenants, that his democratic colleagues have long had reason to suspect him of wavering under that influence. Mr. Fitzgerald himself frankly admitted during one of his speeches that he was opposed to the adoption of the Clerk resolution because it carried the appointment of a committee on committees. Mr. Fitzgerald is charged with thinking of his own welfare in framing his course of procedure. It is asserted that he knew that if the committees were appointed by a committee on committees or by the house itself he would not be given such desirable committee places as he has reason to expect as long as Mr. Cannon makes up the committees.

To meet the condition that exists Mr. Cannon had notice served that in the future, as long as he is speaker, he will not continue the old practice of permitting the leader of the democratic minority to name the democratic members of the various committees. This double-edged sword worked well. The democrats were given fair warning that their loyalty to party would not be rewarded by Mr. Clark giving them desirable committee appointments and that their only hope of preference lay in making a record that would impress the speaker with the propriety of rewarding them for services rendered.

ETHEL BARRYMORE A BRIDE BY NAME OF COLT

Young Actress is Star of a Sunday Morning Ceremony.

Boston, Mass., March 16.—Confirmation has been given to the rumors of the marriage of Ethel Barrymore, the actress, now appearing in "Lady Frederick," at the Hollis theater, and Russell Griswold Colt, son of Samuel P. Colt, of Bristol, R. I., when it was announced, through Miss Barrymore's manager at the theater, that the wedding had taken place quietly in Hyde Park, a few miles from Boston, Sunday morning.

Brothers Witness Ceremony. The only witnesses to the ceremony were "Jack" Barrymore, brother of the bride, and Roswell Colt, brother of the groom, a freshman at Harvard. The marriage was performed by the Rev. James J. Chittick, pastor of the Church of the Most Precious Blood, Hyde Park, at 9:30 Sunday morning. Immediately after the ceremony Mr. and Mrs. Colt went to the home of Mr. and Mrs. John C. Fairchild, at Dedham. Mrs. Fairchild is an old friend of Mrs. Colt.

So quietly was the whole affair conducted that even Clarence Hyde, Miss Barrymore's manager, was not sure that the wedding had taken place until last night, and at the theater few of the audience were aware that it was Mrs. Colt and not Miss Barrymore who was appearing as the star.

There was no demonstration of any sort and the occasion was marked only by the tossing of a huge bouquet from one of the boxes in which Mr. and Mrs. Fairchild sat. After congratulations by the company behind the scenes, Mr. and Mrs. Colt left the theater after the performance for the Hotel Bellevue.

Although there were rumors from many sources Sunday that a wedding had taken place, friends and relatives of the bride and groom continued to deny all day that the ceremony had taken place or would take place before long week.

Announcement Disperses Rumors.

All day Sunday reports continued to come in that the pair had been married in New York, that they had been married in Providence and even that they had been married secretly by Vicar General Patterson at the cathedral here. While the friends of the pair were busy denying reports of the marriage, Miss Barrymore and Mr. Colt quietly motored to Dedham, where they were guests of the Fairchilds until Sunday morning, when the wedding party went to the rectory at Hyde Park and the marriage was celebrated. The license was not issued in this state.

The announcement of the wedding was as much a surprise to Miss Barrymore's associates as to the public in general.

GIRL PURSUES HER LOVER.

Silver Lake Miss. Aged 14, Wanted Him to Keep Promise.

Warren, Ind., March 16.—With a roll of bills in her pocket, Ruth Friend, aged 14, of Silver Lake, was arrested here today when about to board a traction car for Elkhart in pursuit of Charles Smith, who, she says, had promised to marry her. He left this city on receiving word that she was coming here to accompany him to St. Joseph, Mich. Smith was refused a marriage license Saturday by County Clerk Edwin Stout, who formerly lived at Silver Lake and who knew the girl's age. Mrs. Friend, mother of the girl, came to Warren this afternoon and took her before Judge Bower with the request that she be sent to a reformatory. Police are looking for Smith.

Reinhart Stetter, of the Majestic stage staff, has gone to Preble and Decatur for a week's visit.

Harry Wagner has returned to Lafayette to resume his studies in Purdue university.

DR. D. D. WEISELL IS DEAD; END CAME SUDDENLY

Had Practiced Dentistry in Fort Wayne 36 Years —Other Deaths.

Dr. David D. Weisell, for many years a well-known Fort Wayne dentist, who retired from active practice but a few months ago, died at 1 o'clock this morning at his home, 822 Monroe street, at the age of near 77 years. Dr. Weisell had been in failing health for some weeks, but his condition was not regarded as alarming, and his death came suddenly. It was immediately due to pneumonia.

Dr. Weisell was a native of New York, born near Ithaca, August 23, 1832, and at the age of 17 began as a

DR. D. D. WEISELL, Veteran Dentist, Claimed by Death.

teacher in the district schools. He began the study of dentistry at the age of 24 in Chautauque, N. Y., and later embarked in practice in Trumbull county, Ohio, taking up at the same time the study of medicine. In 1859 Dr. Weisell entered the medical department of the University of Michigan, and completing his course of lectures began the practice of that profession at Northville, Mich. A year and a half later he became the successor of his preceptor at Lordstown Center, O., and there practiced medicine until the fall of 1863, when he came to Indiana and located at Avilla. Here for something over three years he practiced both medicine and dentistry, later removing to Zanesville. In the fall of 1873 Dr. Weisell abandoned the practice of medicine, to which he had been giving his main attention, and removed to Fort Wayne. In this city for more than thirty-five years he devoted himself to dentistry, and during practically all of that period occupied an office in the Foelinger block.

Possessing inventive genius to a marked degree, Dr. Weisell in addition to his professional work was the inventor and patentee of a large number of mechanical contrivances. Among them were a farm gate, a seat lock for vehicles, carriage springs, a road cart, a railroad rail, a nut lock, a washing machine and various dental appliances. Many of his devices possess much merit and are in practical use, but the inventor realized but little from them. Dr. Weisell was a member of several of the fraternal organizations. His marriage occurred in 1864 at Albion to Anna E. Smith, who survives, together with four children. —J. Garis Weisell, of San Antonio, Tex., Mrs. Carrie Fairfield, of Fort Wayne; Mrs. E. A. Hemsteger and E. N. Weisell, of Chicago. There are three grandchildren.

Funeral services from the residence Thursday afternoon will be private. Friends may view the remains from Wednesday noon until Thursday noon.

SCHWANZ.

Mrs. Elizabeth Schwanz, widow of Conrad Schwanz, died at 4 o'clock this morning at the Lutheran hospital from cerebral hemorrhage at the age of 63 years.

Mrs. Schwanz was a native of Germany, but came to America forty-eight years ago. For thirty-five years she was a resident of New Haven and since that time has made her home with her children in Fort Wayne. Three children survive. They are Mrs. William Riethmiller and Frank Schwanz, of Fort Wayne, and Mrs. H. DeWeese, of Oklahoma City, Okla. The deceased was a member of St. Patrick's Catholic church and of the Rosary society of that congregation. The remains were removed to the home of Mrs. Riethmiller, on Fairfield avenue.

RENSMAN.

August M. Rensman, a well-known young patternmaker, who prior to his illness was employed at the Bower & Co. works, died at 1 o'clock this morning at his home, 707 Walnut street, at the age of 25 years, 4 months and 10 days. Mr. Rensman was a son of Bernard Rensman, a well-known retired grocer, and had been in failing health since July last. He was born and reared in Fort Wayne, and was educated in the St. Paul parochial schools. He was active in the affairs of the Knights of Columbus, and was a member of St. Anthony Young Men's sodality of St. Paul's church. Mr. Rensman was a young man of many fine qualities and had a large circle of friends. He was a member of the Patternmakers

A week before he had gone to that city to receive medical treatment, and his death occurred at a hotel in Marshall. The remains were shipped to Fort Wayne and removed to the Kleinh & Melching morgue to await the arrival of relatives.

SITUATION CRITICAL.

War in Balkans Depends Now on Serbia.

Berlin, March 16.—Advices received at the foreign office today concerning the strained situation between Austria-Hungary and Serbia indicate that the crisis is still in an acute stage. It is affirmed that Austria-Hungary is about to make another effort at Belgrade with the view of bringing Serbia's views into accord with her own. The nature of these representations is not disclosed, but it can be said that the dual monarchy will demand a clear explanation of Serbia's intention. Officials say that if Serbia concedes this the negotiations will pursue a peaceful course, but if not, hostilities are inevitable and the only task of the powers will be to localize the conflict.

HOLDING A MEETING.

Liquor Dealers in Special Session This Afternoon.

Members of the Liquor Dealers' association were in special session this afternoon at their hall in the Elektron building. The nature of the business before the meeting was not disclosed.

Postmaster Fred Snyder, of Angola, is among the arrivals in the city today.

SIXTY-FOUR TAKING RITES.

Nearby Towns Well Represented at Masonic Conclave.

The rites of the first thirteen degrees of the Scottish Rite Masonry are being conferred upon a class of sixty-four candidates this afternoon and while this is about twenty more than any other class ever taken in at one time, it falls far short of assuming its expected size. There were nearly ninety applications on file and it was hoped that every one of the applicants would be on hand to take the work.

Nearby towns and cities are well represented at the conclave, which convened at noon. It is estimated that there are nearly two hundred out-of-town Masons in the city. The fourteenth degree will be conferred this evening and work from the fifteenth through to the eighteenth tomorrow. The big banquet Wednesday evening will serve as a fitting conclusion to the last big gathering in the present Masonic Temple.

OH, DOCTOR!

JUDGE HALTS TRIAL OF THE KNEPPER DIVORCE

Prevents Sensational Testimony and Disappoints Crowd.

Assured that the trouble in the divorce suit of Ellsworth D. Knepper against Sadie T. Knepper had been agitated by the parents of the principal and forestalling some testimony that would have probably been sensational, Judge O'Rourke halted the case in the circuit court today and gave the husband a decree and awarded the custody of the two children to the wife and allowed her \$100 alimony.

There were sixteen witnesses waiting to be heard, but the evidence of the husband indicated very clearly that the wife had been guilty of abandonment and while there was no disposition to attack her character the judge announced that there was little to be accomplished by airing the family affairs of the principals in the suit and that he was thoroughly satisfied it was unnecessary.

This disappointed a big crowd. Mr. and Mrs. Knepper had lived in Abolt township and there were a number of her old neighbors in to hear what caused the family disturbances, but they were all subjected to a keen disappointment by the action of Judge O'Rourke.

Taken to Prison.

Henry Painter, the young married man convicted of criminal assault in the circuit court yesterday, was taken to Jeffersonville today to enter upon his term of from two to fourteen years. The wife, who is soon to become a mother, is being cared for at the Home Mission, as she is without funds or friends.

Warrant for Henderson.

Felix Henderson, the negro who obtained money for advertisements on a program for a hall which he said the colored Knights of Pythias would give, will be arrested when his jail sentence for intoxication expires in the morning and will answer to a charge of false pretenses.

Court Notes.

The suits of Harry B. Culbertson against E. J. Golden and Mary Mentzer against Flora E. Webb have been dismissed in the circuit court.

City Brevities.

Mrs. G. L. Wolford, who recently submitted to an operation at the Lutheran hospital, is reported to be in a very critical condition.

Fred Tucker returned to his home in Huntington today after spending two weeks at the Lutheran hospital, recovering from a sickness.

Mrs. J. F. Erwin, of Bourbon, Ind., submitted to a very serious surgical operation at the Lutheran hospital this morning, but rallied very nicely.

Mrs. William Crighton, sr., is lying very critically ill at her home on Brackenridge street, and fears are entertained that she cannot survive the day. Mrs. Crighton is one of the pioneer residents of Fort Wayne.

BANQUET ON THE 18th.

Editor of The Sentinel: The announcement in the daily press that the banquet celebrating the completion of the Hotel Anthony would be held on the evening of the 19th, is incorrect. It will occur at 7:30 p. m. Thursday, the 18th inst. This event will be the most elaborate and interesting that has ever taken place in Fort Wayne. In addition to the stockholders there are no doubt many others who ought to be and no doubt would like to be present. It is not possible to personally extend invitations to these, but they can obtain tickets by applying to the treasurer, Mr. W. M. Griffin, telephone 805. This, however, must be done not later than Wednesday, the 17th inst., so that Mr. Keenan can make the necessary preparations.

You may remember—probably don't—that we had a great deal to say, a while ago, about cotton adulterations in men's clothing fabrics. We called them "fraud" on the wearer; and as we were not in that business, we wanted everybody to know it, and to understand that we use none but all-wool fabrics.

We haven't changed our mind about cotton adulterations, nor our all-wool policy. There are a lot of men buying cotton-mixed clothes today who want all-wool, and think they're getting it. They are themselves to blame; they don't ask; and if they do, they don't get answered.

You needn't ask about our goods. If they are made by either "Ely Meyer," "Hirsch-Wickwire," "Robert Wicks" or "Hart, Schaffner & Marx" they're all wool, and the rest of the garment is as "right" as the fabric.

JUST ONE MORE CHANCE.

More Teachers Fail in Examinations Than for Many Years Past.

"More applicants for licenses as county school teachers have failed in the examinations conducted thus far this year than for many years back," said County Superintendent Henry G. Felger, this morning. "There is just one more opportunity to take the examination," he continued, "and it is likely the failures will continue. The greatest stumbling block this year," he said, "has been in reference to English authors and periods. Applicants have also been very hazy on all Indiana authors except Riley and Lew Wallace. American authors as a whole, however, do not seem to cause much worrying."

The records from the last applicants' examination shows that of eighty-seven who took it, but forty-two passed.

THE ONLY WAY

Many Fort Wayne Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Fort Wayne citizen and you will be convinced that this is so.

Joseph R. Sunderland, retired, 650 Putnam street, Fort Wayne, Ind., says: "I have been so greatly benefited by Doan's Kidney Pills that I consider it my duty to endorse them. I suffered for several years from severe pains in my kidneys, coupled with a kidney weakness that caused me no end of annoyance. Since using Doan's Kidney Pills, procured at Meyer Bros. Company's drug store, my back has been strong and free from pain and my kidneys have given me much less trouble. I intend to continue taking this remedy, as I firmly believe that it will speedily restore me to good health."

NERVE FAG A DANGER SIGNAL

This Evansville Woman Did Not Heed It and Suffered Collapse—How She Was Cured.

Nervous debility is the forerunner of a nervous breakdown, perhaps the first warning sign of paralysis.

A certain amount of drain on the nervous system the body is prepared to meet because the blood is forever carrying nourishment to the nerves and building them up. In other words the blood feeds the nerves. But when there are excesses or mental overwork or worry the demand exceeds the supply and there is nervous derangement—the nerves are starved.

The first thing to do in nervous debility is to stop the cause of the trouble, if possible, whether it is irregular living, worry, or whatever it may be. Then the nerves must be given special nourishment and the blood must be kept pure and rich. This is the mission of Dr. Williams' Pink Pills and this is why the pills have been used with such great success in nervous troubles that did not yield to ordinary methods of treatment.

Mrs. Maud White, of No. 123 Bland avenue, Evansville, Ind., wife of a well-known carriage maker, says: "A few years ago I was a nervous wreck from overwork. I had been very nervous for some time and after a hard day's work I collapsed entirely and had to be carried to bed where I remained for eight weeks. I could not lift my head, was very weak, had no appetite and could hardly sleep at all."

"For five weeks I had the doctor every day but his medicine did not help me. One day I happened to read about Dr. Williams' Pink Pills and concluded to try them. I felt better after taking a few boxes although I didn't believe they would help me up to that time. I then gave them a thorough trial and was cured."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. They are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

Cornelius Taylor, the Ossian man who was located at Warren, O., after a year's mysterious absence from his home, is again missing. He disappeared from Warren a few days before the arrival of a daughter to visit him.

Harry Leininger, of Elkhart, 17 years of age, was killed by a Lake Shore train just after he had jumped from another train on a parallel track. He had leaped to recover his hat, which had been blown off by the wind.

James A. Tucker, 53, residing east of Logansport, fell to his death from the bluffs to the limestone banks of the Wabash river near the Logansport Country club Saturday night, and his remains were not discovered until Sunday morning.

A Noble county jury, after hearing the case of George T. Butler, of Albion, vs. the Phoenix Accident and Fire Insurance company, of Detroit, Mich., on a \$5,000 accident policy, disagreed. Butler sued the company for \$1,500 after losing an arm in an accident in a Fort Wayne brick factory. The defense offered by the insurance company was that Butler carried policies in two other companies and that he withheld this information.

RIDER IN PERIL AS A CAR STRIKES HIS HORSE

Frank L. Armstrong Has Narrow Escape on West Main Street.

Frank L. Armstrong, residing at 1161 Wabash avenue, narrowly escaped death or frightful injury on West Main street, near Jackson, early today when a horse which he was riding was struck by a street car and in falling pinioned Armstrong beneath it. The man escaped with some painful bruises about his legs.

Armstrong had started for Columbia City, riding one horse and leading another to be delivered to a purchaser there, and the accident was due to the fact that the horse he was leading became frightened at the approach of the car behind it and began whirling, finally pushing the other horse and its rider directly in front of the car. The motorman had his car quickly under control and stopped, but not until the horse which had been thrown and its rider were pushed for a considerable distance along the pavement. The unriden horse escaped and was not captured for some hours. Neither of the animals appeared to be injured, but Armstrong was plainly suffering intensely from his bruises.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its errors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

PROGRESS AGAINST CZARISM.

But for the perfidy of democrats who deserted the great body of their partisan confederates in the house of representatives the movement against czarism would have most auspiciously succeeded Monday. As it was, marked headway was made against the autocracy of the speaker and that close corporation known as the committee on rules. It was an opening wedge that will result in a sufficient breach before very long through which to take the control of public affairs from the speaker and place it with the body of the house.

Just when victory was within their grasp the democrats together with that valiant band of "insurgents" that has labored with great courage and diligence for reform of the rules, were deserted by a considerable body of the minority under the leadership of Fitzgerald, of Brooklyn. There was a protectionist crowd from New England and a special favor squad from New York and a sugar contingent from Louisiana with some scattering seekers for committee favors and tariff crumbs.

The deserters, perhaps, may well be left to their constituencies for proper attention. The larger phase of promise is had from the patriotism of the republicans who composed the insurgent body. Their conduct is in some sort a pledge that the onslaught against the tyranny of the speaker will not cease with one charge. The full reckoning will come later.

The proposal that the turbulent little republics of Central America be annexed to Mexico is not half bad. As it is they constitute a nest of as troublesome and useless little despots as the world has ever shown. There are never six whole months together when there is not some sort of armed conflict in progress—a two-sided or three-cornered war or at the very least a revolution. Mexico has become strong and cohesive enough in all aspects of a real nationalism to take over these quarrelsome little cusses of Central America, give them a strong-armed government and make them be good. There is but one uncertainty—President Diaz is old and Mexico's future after Diaz is uncertain.

According to one voracious account of the matter the city administration has been preparing for a long time to bring about the orderly and law-abiding conduct of saloons just inaugurated. Same account says Mayor Hoyer moves slowly but relentlessly. Can't say as to his want of speed; he has been in office only three years, two months and sixteen days. Cannot expect much in that time. He is relentless all right, however.

An option campaign just closed in Miami county has been marked by utmost good humor. There has been, according to reports, a complete absence of bitterness and all those concomitant

strenuities of a contest where radical issues are contended for by popular factions. This is as it should be. Quarrelling, hating and even fighting have no effect on the ultimate fate of the issue. Just as much can be achieved one way or the other by good feeling and quiet appeal to reason or even prejudice as by bitter shrieking and angry tumult. It has been an altogether model display of a controlled public feeling in Miami county.

Southern sugar interests are going to be well cared for in this tariff session. Three of the recalcitrant democrats who followed the ignominious lead of Representative Fitzgerald in the battle of the rules are from Louisiana. The sugar-producing section of the south is as solid as any part or all the parts of Dixie land can be imagined ever to have been.

Not altogether necessary to wait for an incorporated society with a constitution, by-laws and a roster of officers before beginning on the city beautiful proposition. You can perhaps do much of your share with a hoe, shovel and wheelbarrow—back in your alley. Your wife will doubtless attend to the front lawn as usual.

Probably the chief shortcoming of this object lesson of a law-abiding and well regulated saloon business will be found to be that it isn't going to have time to thoroughly impress its charms on the community. This is one of the handicaps of being too slow with the relentlessness.

Democratic tariff "specialists" in the house have set out to do for the democratic party what the "sugared" senators did when the Wilson tariff bill was enacted.

Servia is merely taking time to decide whether she will yield to Austria with or without a licking.

After this term Uncle Joe's clutch on the speakership ought to expire by the statute of limitations.

ROOSEVELT LIKELY TO HAVE CLOSE NEIGHBOR

Another Museum Hunter is Going to Africa for Specimen Game.

Oyster Bay, N. Y., March 16.—A fellow passenger of ex-President Roosevelt and the other members of the Roosevelt Smithsonian African expedition on their voyage from Naples to Mombassa, on the steamer Admiral, is to be the noted naturalist Richard Tjader, who already has left New York for Europe. He is going into about the same country as Mr. Roosevelt's expedition, but will not join that party. His work will be for the American Museum of Natural History, of New York. Mr. Tjader will spend six months in Africa and hopes to make a collection of rare animal specimens for the museum. In his outfit, which is somewhat similar to Mr. Roosevelt's, are several lion traps. Mr. Roosevelt is taking none of these, relying upon his rifle for suitable specimens of these animals.

Ex-President Roosevelt today remanaged at Sagamore Hill preparing a number of articles which will appear under his name after he departs on the African hunting expedition next Tuesday. In this series of articles Mr. Roosevelt will treat of a number of questions of national importance. Large quantities of letters continue to come to Mr. Roosevelt, to which it is impossible for him to reply.

Tomorrow Mr. Roosevelt will attend the regular meeting of the Matinecock lodge of Masons, of which he is a member. His brother Masons intend to make the occasion a notable one.

In recognition of the splendid showing made at Washington in the inauguration by the republican delegation from Nassau county, in which Oyster Bay is situated, Mr. Roosevelt has invited those who went to Washington to come to Sagamore Hill on Thursday afternoon when he will entertain at an informal reception. The delegation, which numbered 250 and was designed at the inauguration as "Theodore Roosevelt's neighbors," paraded at Washington, each wearing a silk hat and cravatette rain coat and carrying an umbrella. They will come to Oyster Bay from their home towns dressed as they were on inauguration day, and headed by the band which accompanied them in Washington, will parade up to Sagamore Hill.

What We Have Done for Others We Will Do for You

Read what advertising in The Fort Wayne Sentinel has done for Bruce W. Elliott, expert advertising writer for a number of Fort Wayne business houses.

The Sentinel, Fort Wayne, Ind. Gentlemen:

Perhaps you would like to know, in fact I am sure you would, just how much my advertising in The Sentinel has paid me.

I have been advertising for about three months. In that time I have received enough business, directly traceable to the advertising and to no other source, to pay for my advertising expense for two years.

When I consider that I started this advertising merely with the idea of helping one or two firms, whom I had called on, and that the business to which I refer above, was secured with no other solicitation, you may know that I realize more fully than ever that ADVERTISING PAYS.

BABE AT WOODBURN WAS FATALLY BURNED

Little Daughter of Noah Presdorf Got Hold of Matches.

Dorothy Louise Presdorf, 2 years old, infant daughter of Mr. and Mrs. Noah Presdorf, of Woodburn, this county, died Sunday after two days of terrible agony as the result of burns which involved the greater portion of the body. The accident which caused the babe's death occurred Friday.

While the mother stepped from the house for a moment to post a letter, the child climbed upon an incubator and secured a box of matches. In some unknown manner the matches were ignited and dropped upon a pillow filled with loose straw. When the mother returned she found the babe wrapped in flames which rose above the little one's head. The fire was extinguished only with great difficulty, and not until the babe had been fatally burned. The infant was the only child of Mr. and Mrs. Presdorf. The mother was formerly Miss Love Forbes, a resident of Bluffton,

where the burial of the babe occurred today.

NEW FEAT IN SURGERY.

Tumorous Growth Removed From Brain of Paralyzed Lad.

Washington, March 16.—What is pronounced a feat in surgery was an operation on the brain of Russell Dulin, an 11-year-old lad, performed at Georgetown hospital yesterday. The boy's brain was seriously impaired because of a tumorous growth and this produced something akin to a paralytic condition. The right lobe of the brain became affected more than a year ago and the boy's left side suffered a stroke of paralysis. His condition recently became dangerous. The surgeon made an incision in the scalp and drilled an orifice in the bone of sufficient size to enable him to use his forceps. The tumorous growth was removed and it is said that the child's brain will assume its normal functions, in time becoming entirely healthy. If the operation is successful the muscles and tendons of the child's body will relax and he will gain strength steadily.

Some Guessing Contests

There is a game familiarly known as a **GUESSING CONTEST**. Municipalities are not supposed to engage in it.

When those who play the game back up their guesses with coin of the realm, some plain-spoken people refer to it as gambling.

When cities, for any reason, guess wrong with the taxpayers' money at stake, why is not that—unfortunate?

Fort Wayne did some very wild guessing as to what it could do with given sums of money devoted to the purchase of electric light plant and distributing outfit.

We have called attention to several wild guesses in connection therewith, but about half the sad story yet remains to be told.

That half has to do with the yet unexpended money required to make Fort Wayne's Municipal Plant adequate to all the demands it is proposed to make upon it.

Now one of the best pointers for any city is the experience of some other city in solving similar problems.

Here, for instance, is Pasadena, California, which did its share of guessing and then proceeded to discover what per cent of the guesses were wrong.

It would have been easier for Pasadena to have figured out the percentage of right guesses—the figures were so much smaller and more easily handled.

Now Pasadena is an attractive little city of nearly 15,000 population. At last report it was lighting itself with 310 arc lamps, of 1,500 candle power each, and 100 incandescent lamps, of 32 candle power each. That means about 234 arc lamps of the Fort Wayne type.

In other words, if Fort Wayne were as well lighted in proportion to population it would have just about an even thousand arc street lamps.

Pasadena guessed—note the likeness to Fort Wayne—that a complete electric street lighting plant could be built for \$52,000. Also that \$125,000 would install a complete street lighting and commercial plant.

The Pasadena city authorities decided to try the street lighting plant first. To date it has cost, says "Public Service," \$208,000, yet 33 per cent of the thoroughfares are not served, and \$50,000 more is asked to complete it.

To add facilities for a commercial service \$150,000 is wanted and a \$200,000 bond issue is proposed.

There appears to be, however, some popular timidity toward entering upon a commercial business since the city plant will generate its electricity by steam, while the Edison Electric Company permits flowing water to manufacture its power in great quantities, and distributes it to many cities and communities by means of 300 miles of transmission lines.

Whether it will pay—whether it is fair to the taxpayers—to spend \$200,000 more to buck competition of this character is the question at Pasadena.

There are some cities in the country, however, that would consider \$400,000 as the price of wisdom, cheap. It has cost them much more.

There is a singular resemblance in the Pasadena situation to the Fort Wayne one, even to the matter of using the taxpayers' moneys for capital with which to drive some of the largest taxpayers of the city out of a lighting business.

There is not the least doubt in Pasadena or Fort Wayne that this is **NOT** the legitimate function of City Government, especially where there is not the least ground for claim of extortionate or even excessive lighting rates.

Motives that will not bear scrutiny and guesses that lead to wastes of taxpayers' money are what kill public spirit, raise rents and increase the costs of living in cities like Fort Wayne.

A COMMITTEE APPOINTED TO ARRANGE FOR BANQUET

Sunday School Association Will Give Spread for Officers.

At the regular monthly business meeting of the City Sunday School association held on Monday evening at the office of Dr. M. A. Mason, it was decided to give a banquet in the near future for the Sunday school superintendents, their wives, and the officers of the association. Dr. M. A. Mason, L. J. Johnson and Mrs. J. P. Martin were appointed a committee of three to arrange for the affair. There are twenty-five superintendents and fourteen officers, some of the latter being superintendents, so that upwards of sixty will enjoy the spread.

The meeting was well attended and considerable routine business was transacted. In the absence of the president, Rev. William P. Shamhart, who is ill, George A. Philbrick, vice president, presided as chairman. Rev. H. H. Sphar, pastor of the Church of God led the opening prayer. The date for the banquet has not as yet been determined.

Y. W. C. A. AFFAIRS.

Interesting Meeting of Devotional Committee This Afternoon.

The last of the month's meetings of the committees of the Young Women's Christian association was held this afternoon with the meeting of the devotional committee. There was a gratifying attendance of those concerned and while no new plans were made the meeting was one of interest.

The next social afternoon of the Y. W. C. A. will be enjoyed on Tuesday, March 23, at the home of Mrs. Charles Worden, 23 West Wayne street. Miss Eliza S. Nestel, of 927 West DeWald street, and Mrs. James McKay, of 1101 Lake avenue, will be the hostesses during April.

Miss Anna Philley, physical culture teacher and eloquist at the Y. W. C. A. will go to Roanoke on Friday to give a recital under the auspices of the United Brethren church there. Little Miss Bernice Hamlet, one of her pupils will accompany her and participate in the program.

SERVICES AT CATHEDRAL.

Lenten Devotions Will Be Held Tonight Instead of Wednesday.

On account of the observance of St. Patrick's day tomorrow morning and evening, the Lenten services regularly held on Wednesday evening will take place at the Cathedral this evening. The third of a series of apologetical sermons will be delivered by Rev. George Moorman, whose topic will be "Religious Indifferentism." A week from Wednesday evening he will be heard on the question, "Which is the True Religion?" Tomorrow morning Rev. P. F. Roche, rector of the Cathedral will celebrate high mass at 8 o'clock and will give a short sermon appropriate to St. Patrick's day, emphasizing the characteristics of the great Apostle of Ireland.

Friday the Feast of St. Joseph will be observed in the morning with the celebration of high mass followed by benediction. The regular Lenten devotions will take place in the evening.

A SPLENDID SOCIAL FUNCTION.

St. Cecilia Circle of the King's Daughters and Sons to Entertain.

The "At Home" to be given at Wayne Street Methodist Episcopal church parlors Friday from 3 to 10 p. m., under the auspices of the St. Cecilia circle of the King's Daughters and Sons, promises to be one of the largest social functions of the week. Over eleven hundred invitations have been issued for the affair and active

preparations have been made for it. A preliminary meeting was held on Monday afternoon at the home of the circle leader, Mrs. George Longworth, 516 West Wayne street, and the enrollment of various committees was completed. The circle has a membership of forty-three and their forthcoming function will be nothing more than a social affair, not intended to increase the membership or to secure funds for any special purpose. In the receiving line during the social hours will be Miss Margaret Vesey, assistant state secretary of the King's Daughters and Sons; Miss Clara Phelps Porter, county secretary and the officers of the St. Cecilia circle, Mrs. George Longworth, leader; Mrs. Robert Harding, Mrs. Ira Somers, Miss Abbie Kegan and Miss Nellie Tinkham. The chairmen of the various committees appointed are as follows: Refreshment, Mrs. Harry Quicksell; decorations, Mrs. Darwin Meyers; music, Mrs. Ernest F. Shaffer; invitation, Miss Margaret Vesey.

BAPTIST CHURCH AFFAIRS.

Special Collection March 28 for Home and Foreign Missions.

In order to complete the amount of \$445 which is apportioned to the local First Baptist church to be raised for the benefit of Home and Foreign missions and the work of the Publication society, a special collection will be taken up in the church on Sunday, March 28. The Northern Baptist convention and the budget mean business methods applied to the conduct of the denominational enterprises. Instead of the societies applying separately to the Baptist constituency, they appeal unitedly through the Northern Baptist convention for \$1,500,000 for the year ending March 31.

Rev. John F. Vichert, pastor of the First Baptist church, went to Coldwater, Mich., today to deliver an address at a banquet held by the Men's club of the First Baptist church in that city.

The ladies of the northeast section of the Ladies' Aid society of the First Baptist church will hold a social afternoon at the home of Mrs. Allen Hamilton, 616 Montgomery street, on Friday of this week.

LUTHERAN BOARD MEETING.

Pastors of Churches of Missouri Synod Discuss High School.

The advisability of erecting in this city a Lutheran high school for the convenience of students of the Lutheran parochial schools and others who might desire to attend was discussed at a meeting held on Monday evening at St. Paul's parochial school hall. Those present at the meeting were members of the executive boards of the local Lutheran churches that belong to the Missouri synod. They are seven in number, the English Lutheran Church of the Redeemer and the German Lutheran churches, St. Paul's, Emmaus, Emanuel, Zion's, Concordia Evangelical and Trinity. It was not determined at this meeting where the high school would be erected, although the property of St. Paul's Lutheran school is regarded favorably. Plans are entirely in embryo as yet and must receive further discussion before anything definite in regard to the matter is fully determined. Shortly after Easter another meeting will be held.

Another subject that came up for discussion at the meeting was membership of the executive board of the Lutheran hospital. The agreement that was taken when the hospital board was organized was that all the Lutheran congregations in the city should be represented by three members on the board. The larger churches, however, are of the opinion that they should be represented according to membership. This matter was not decided last evening, but will be turned over to the respective congregations concerned.

AMONG THE CHURCHES.

Daily Record of Current Events in Religious Circles.

On Friday afternoon from 2 to 5 o'clock the Ladies' society of Plymouth Congregational church will meet with Mrs. J. C. Hickman, 1315 Huestis avenue. The hostess will be assisted by Mrs. Wm. Cherry, Mrs. Wm. Smith, Mrs. H. C. Lepper and Mrs. W. C. Bishop. This society will serve a chicken supper in the dining room of the church on Thursday evening, April 1st.

The regular monthly meeting of the Woman's Missionary society of the Third Presbyterian church will be held at 2:30 o'clock Friday afternoon, at the home of Mrs. Edward Ashton, 2719 Hanna street. All reports for the year will be read and it is expected that every member will make a special effort to attend the meeting.

The Bloomingdale division of the Ladies' Aid society of the West Jefferson street Church of Christ will be entertained on Wednesday afternoon at 2:30 o'clock at the home of Mrs. George Kimmel, 1717 Wells street.

Owing to the small attendance the meeting of the W. C. T. U., which was to have been held on Monday evening at the Third Presbyterian church, was postponed until next week. Several members left early this morning for

Monroeville to attend the two days' institute which began today and hence were unable to attend the meeting last night.

The South Hanna Missionary Bible class will hereafter meet regularly each Wednesday afternoon at 2:30 o'clock at the home of Mrs. A. Grodrian, 2809 Hanna street. Mrs. J. W. Gruber, teacher. The lesson tomorrow afternoon will be the third chapter of the first epistle to the Corinthians, "Paul's Manner With Weak Believers."

The Bible School Workers of the Third Presbyterian church held an interesting meeting for conference in the pastor's study on Monday evening. The heads of the various departments were present and reports of their work was presented.

Rev. John G. Shayer, pastor of the East End Christian church, Pittsburg, Pa., has declined the call extended to him by the congregation of the West Jefferson street church in this city. Next Sunday Rev. J. L. Carpenter, of Walsh, is expected to occupy the local pulpit. The pastorate committee is actively considering the subject of the calling of a minister and Rev. Carpenter's name has been prominently mentioned.

FINDS THAT WETS OPTION ELECTION IN MIAMI COUNTY FORGED SOME NAMES TODAY

Cadillac, Michigan, Ministers Deny Statements Accredited to Them.

Some statements made public in this vicinity recently by the liquor men and accredited to some prominent Cadillac, Mich., ministers and public officers are said to be forgeries pure and simple by Rev. N. C. Shirey, the local Anti-Saloon League superintendent. The statements are to the effect that conditions since the voting out of the saloons in Cadillac have been much worse than they were before and were first made public shortly before the county option election in Whitley county.

"Coming as they did so shortly before the day of election and over the signatures of the ministers, the sheriff and the mayor," said Mr. Shirey today, "the statements looked very good to the average person and badly scared our forces. We immediately telegraphed to Cadillac and word came back that the men purported to be quoted had never uttered such statements. Accordingly a complete denial was issued by the men and sworn to before a notary public so that the effect in Whitley was somewhat counteracted."

"Now, I understand," continued Rev. Shirey, "that these same statements are being shown to various people in this city. I can show the complete denials of the Cadillac men to anybody and will probably issue cards or bulletins to be scattered around."

Asked as to the probable source of the statements, Rev. Shirey replied that a young man supposed to be from the liquor forces interviewed numerous Cadillac men, among them the sheriff and mayor, and twisted their words to suit his own purpose. The supposed interviews made it appear as though the taxes had been raised, that more liquor was being consumed, and that there were more drunkards, but official investigation showed the reverse of these statements to be true.

NEW FEAT FOR ZEPPELIN SHIP.

First Descent on the Ground Is Successful.

Friedrichshafen, March 16.—Count Von Zeppelin's new model airship, with the inventor and four other men on board, made a successful descent in a field on the shore of the Lake of Constance today. It has been asserted that the count could not land on the ground without an especially built platform, but this has now been disproved. The airship came easily to the earth and after remaining for some time reascended and returned to the balloon shed on the lake. One of the steering planes was slightly damaged by coming in contact with a tree, but it was repaired on the spot.

A dozen young ladies had a merry time last evening at the home of Misses Dora and Anna Parker, of Wheeler street. At the game of progressive pit the prizes were won by Misses Lulu Lechler and Ora Brownberger. St. Patrick's color predominated in the decorations and in the luncheon that was served after the games.

Miss Sullivan and Miss Anna Kinder furnished the music. There were present Misses Anna Kinder, Rosella Hoffman, Gladys Steinbacher, Rosella Chodinska, Bertha Stoll, Catherine Jehl. Princess Skirt for Spring

By Mrs. Jane Ford.

Skirts such as the one offered, will be much worn during the spring and summer. The pattern is cut in six sizes, from twenty-two to thirty-two inches waist measure, or from thirty-nine and one-half to fifty-four and one-half inches hip measure. If the garment is for a very stout figure, the pattern should be ordered by the hip measure.

To copy this design for the average woman, seven and one-eighth yards of material twenty-seven inches wide, or five and a half yards thirty-six inches wide are required. The skirt can be finished either with or without the waist portion, and, if omitted, one-half yard less material will be sufficient. As the suspender portions are without shoulder seams it is not desirable to use goods that has a nap or up and down. If, however, one should have fabric of this character, the pattern may be cut apart at the shoulders and the goods cut sufficiently long to allow for a three-eighths of an inch seam. If the edges are neatly notched and the seams opened and pressed perfectly flat on the wrong side, the appearance will not be spoiled.

The skirt has nine gores, fastens at the back and is finished in round or inseam length, details that make a particularly good model for tub materials.

When fashioned from linen, duck, pique, or the new tennis cloth, which may be bought in all the fashionable colors, a practical and economical garment that may be worn over last season's blouses or shirt waists will be secured.

The seams can be finished in the regular manner or turned flat and stitched in tailor fashion.

When the latter is preferred, the edges of the suspenders and the hem of the skirt should have two rows of machine stitching. Made from lightweight woolsens, such as challis, cashmere, or from silks of the pongee order, and worn with a lingerie gumpie, this would make a pretty frock for early spring.

IN THE THEATERS

In "All the Comforts of Home" Our Own Stock company has a production in which all who take part have something entertaining for the audiences. The farce, for such it is, is a lively one, with no end of complications and ridiculous situations until the final curtain drop, and the fun keeps up all the time. People who enjoy a laugh should see this production of Our Own company. One remarkable feature of the play is the disguise in appearance of a number of leading members of the company. Mr. Huntington has never been so disguised during the season in appearance as in the role of Theodore Bender, which he plays with delightful humor. Miss Gerard in the part of Mrs. Bender is equally unfamiliar as the jealous and domineering woman which she acts with much skill. Mr. Nicholson has a role which is short but important and in no wise significant of that actor's former impersonations. Miss Dunbar is more like herself than the others who have important parts for her. In the role of a young girl, has no opportunity to be especially different from her natural self. Mr. Brickett has an opportunity which he seizes with a greater degree of skill and ability than usual and together with Mr. Hayden, who has an attractive part for which he is well adapted, make two of the most amusing parts in the performance. Miss Gillingwater and Miss Dorset have parts of importance but not of length and they fit them with their usual competent and intelligent work that always leaves a favorable impression.

the turquoise mines in Arizona to add to her collection some of the beautiful turquoise to be found there.

Paid in Full.

The theme of "Paid in Full" is different, vastly different, from the conventional cut and squared play, and its presentation is made in a whole, some, forceful fashion. There is a refreshing treatment of social conditions in the play, and for the best characterization of these various characters the Wagenhals and Kemper company have secured an extraordinary brilliant cast of players. "Paid in Full" has to its credit a six months run at the Grand opera house, Chicago, and is now in its second year at the Astor theater, New York, where it will continue indefinitely.

At the Temple.

People who visited the vaudeville performances at the Temple yesterday, came away highly pleased with the bill which is good from beginning to end, with some numbers special favorites. The return of Isabel Howell and her "Girls in Childhood Games" is one of the attractive numbers which no one should miss seeing. Singing, dancing and pantomime work are other tip top good things about the bill.

THE SYMPHONY ORCHESTRA.

Second Rehearsal Promises Bright Future and Success.

A great stride in musical paths has been made in Fort Wayne recently and two of the best known musicians in the city, Eugene Troendel, violinist, and John L. Verweire, cornetist and band leader, are working out a plan they have had in mind for some time. An organization to be known as the Symphony orchestra had its second full rehearsal on Sunday afternoon in the School of Art building. For some weeks Mr. Troendel has been working with the stringed instrument players of whom there are over thirty, including violins, violas, bassoons and bass viols. Mr. Troendel believes that it is possible to have a permanent organization of orchestra players of the city for study of the greater works. Mr. Verweire will lend valuable assistance in directing the wind instrument players, in conducting and in solo playing. The rehearsal on Sunday afternoon was both a surprise and a pleasure to both Mr. Troendel and Mr. Verweire, and there seems to be no doubt but that the city is to have an orchestra of the numbers and ability that the size of the city warrants. The pressing need is for more stringed instrument players and particularly for special instruments. Miss Georgia Von Eberhardt is concertmeister, Miss Hilda Spiegel, leader of the first violins, Fred Kell, of the second violins and Miss Adella Reynolds, of the cellos. Mr. Verweire will assist Mr. Troendel in conducting and Miss Marie Spiegel is the pianist. The organization is open to players of orchestral instruments of a sufficient degree of proficiency and the benefit to be derived from working in a well conducted and well drilled orchestra is inestimable to the student. It is the aim and purpose of Mr. Troendel to give a concert as soon as the orchestra is ready for public hearing. The members are principally composed of young students.

Maybray and his associates, who were arrested recently in Little Rock, Ark. Swanson received a letter yesterday from Frank H. When he complained to the authorities he was arrested and sentenced to a year's imprisonment for aiding and abetting the fraud. He has appealed from that judgment, and now is anxious to testify against Maybray. The latter was indicted twice last week at Council Bluffs.

Opening of Correct Millinery

Thursday All day and evening. 12 AND 14 ARCADE.

Local theater patrons are awaiting with much interest the visit of Olga Nethersole in "The Writing on the Wall," by William J. Horibut, which will be produced at the Majestic Thursday evening. For the first time in this city Miss Nethersole will be seen as an exponent of modern American drama.

Miss Nethersole has one of the most excellent collections of jewels to be found anywhere; these jewels have been collected during years of travel in all parts of the globe. Miss Nethersole is particularly fond of turquoise and fresh water pearl, and among her jewels she has many of these stones set in various and unique designs. At one time she made a special trip to

SEVENTY FIVE NEW MEMBERS ARE LEARNING THE CONGRESS ROPES

NEW MEMBERS OF CONGRESS WHO HAVE OPPORTUNITY TO "MAKE GOOD" DURING THE TAFT ADMINISTRATION.

Representatives in Washington for Initial Term are Regarded as an Exceptionally High Class of Men by the Old Observers.

MAY LOSE SOME OF THEIR EARLY ILLUSIONS

Washington, March 16.—Who is this poor man who looks as mortified as though while debating which train to take he had missed both; who has the air of one about to ask a policeman, without being at all certain that the policeman will not take him in; who wears the whiskers of Saugerties, the tailoring of Oskaloosa, and the cowhide boots of Upper Jay; who has a Masoia pin in one lapel and the three links of the Odd Fellows in the other and asks the boy to show him which car to take to go to the house of representatives?

He is a new member, gentle reader. He is a new member of the house, and he is puzzling out what all the row means over the rules and whether the rules have to do with bridge whist or the latest go with hard gloves. He has been tempted to go with the "insurgents," and to go with "Uncle Joe," and he knows that he is going with "Uncle Joe," but he didn't say so quick enough to be one of the "originals" and at the same time he is a

marked man by the "insurgents" for future conflicts.

He has come to town to begin that long and dreary grind of the newcomer, to learn his first lesson that a man to be considered worthy of a better committee than that on acoustics of the Indian school at Eagle Lake must serve through at least three congresses, and each congress is two years long.

There are more specimens of the new member in the present house than usual. There are, in fact, about seventy-five of him. The last campaign was very productive of new members. The dear public was supposed to have it in for the republican congress. It was generally announced by Representative Lloyd of Missouri, who was in the business of making a democratic representative sprout where formerly a republican representative grew, that the democrats would elect the next speaker. Some one else took a hand and republican representatives began to fail of nomination. They were knocked out right and left, and the fellows who had been waiting their chance for many years got on the ticket. But there the theory of Mr. Lloyd and his associates on the democratic congressional committee failed. The republicans were mostly elected, and the landslide in Indiana, which left mighty few republicans alive, was offset in some other states by landslides that left very few democratic representatives alive.

Lot of Congress Babies.

So congress is not democratic, but there is the finest lot of baby members for James Francis Burke and J. Hampton Moore to have fun with that has been seen in the house since the first McKinley congress came in.

The new member has much to learn. Here are a few things that will dawn on him as time passes and the lilacs burst out in bloom in Lafayette square:

That Congress Hall is not the room where congress meets, but an apartment house.

That it may be difficult to get the speaker's eye, but it is harder to lose it after he has promised the speaker his vote.

That the story of beautiful female lobbyists in low cut dresses, drinking champagne out of slippers, is all a sham.

That the famous lobbyist has passed and the only temptation will come from the press agent, who will want his views in favor of a bill for nothing and then expect to be treated to the beer.

That all the lobbying is done at the Waldorf-Astoria and the Astor in New York city.

That if he has any money above his salary it will go to the Washington real estate agents for rent.

That he will each year get four large sized invitations to the white house receptions, but no one will notice it if he doesn't go.

That he will not have to walk down to the corner store for his mail in the afternoon, but can get it at the house each morning.

That Frank H. Hitchcock was not born since the election and knows exactly who supported Taft for the nomination and who did not.

That his son cannot be appointed to a European embassy until he has at least served as clerk to a vice consul's assistant.

That he can make his wife or daughter his secretary and thus save \$1,200

a year, but the news that he has done so may get back home.

Only Seeds Are Free.

That the only place where he can get anything he wants is the department of agriculture.

That the weather bureau is not a serious institution and that the president knows it.

Joking aside, however, the personnel of the new members of the house is "higher than for many years. Nearly all are men who will make their mark. There are some of the most progressive farmers in the country in the new house. There are some of the brightest lawyers. The new members from New York, headed by Hamilton Fish, are above the average. The new members from Indiana are especially conspicuous for their ability. Here are their names, home towns and politics:

THE SHOP AND RAILROAD NEWS

BAD NEWS FROM OLD HOME.

Stephen Schellenberger Hears of His Brother's Death.

Stephen Schellenberger, foreman of Pennsylvania car inspectors, was shocked last night by the receipt of a letter from Germany, telling him of the death of his brother, Andrew Schellenberger, which occurred two years ago. The news was delayed by the relatives in Germany losing Mr. Schellenberger's address and no doubt they were surprised a few weeks ago when a letter written by Stephen and addressed to Andrew reached the home of the latter's widow in the old country. The reply, in addition to the sad news of the death of Andrew, wanted instructions concerning the disposal of a valuable tile and brick plant in which Stephen Schellenberger was once interested. The plant had been the property of the elder Schellenberger, and passed to his children at his death. Stephen sold his interest to his brother Andrew, but at the death of the latter it was discovered that the deed only conveyed a life lease upon the property and it reverted back to the original owner. Pending a settlement the plant has been idle at a great loss to the owners. With characteristic honesty Mr. Schellenberger has begun action which will, as he says, "cancel the life clause in the deed and give to the widow of his brother full control of the property." About \$6,000 is involved in the transaction. For five years before coming to America, Stephen Schellenberger conducted the business for his father, who was incapacitated by the infirmities of age. The business, however, was distasteful to Mr. Schellenberger, who is a cabinetmaker by trade, and as soon as he could make the necessary arrangements he surrendered charge of the mill and came to America to work at his trade. He came to Fort Wayne and the Pennsylvania shops in 1883 and has been foreman of the car inspecting department about twelve years.

FOR THREE CENT FARES.

Western Roads Plan a Return to Old Prices.

Chicago, March 16.—Western railroads are going to bend every energy toward bringing about a return to a three-cent basis for passenger fares in all states, and have already decided to file a three-cent tariff for the state of Missouri, to take effect in April. As soon after this date as possible the interstate rates will be raised to be in line with the three-cent rate through Missouri.

This decision was reached today at a conference between presidents and vice presidents of Missouri roads, held in the office of B. L. Winchell, president of the Rock Island. The officials were unanimous in the opinion that

full advantage should be taken in the legal opinion of Judge McPherson in the Missouri case, although there was, at first, some sentiment in favor of accepting the court's suggestion that two and one-half cents be charged by the "strong" roads and three cents by the "weak" roads.

Some months ago the executives appointed a committee, of which P. S. Eustis, passenger traffic manager of the Burlington, is chairman, whose duty is to look after two-cent rate affairs. This committee was instructed to have a meeting soon and to line up the situation with respect to the other states.

The executives are of the opinion that the existing suits against two-cent laws should be pushed vigorously and that suits should be begun in all other two-cent states, should the decision of the supreme court be favorable.

TEA AND COFFEE FREE.

Pullman Passengers On Pennsylvania to Be Served.

From Pittsburg comes the news that from this time forth there will be served free tea and coffee on all fast trains of the Pennsylvania railroad to Pullman passengers. This, of course, only when there is a dining car attached to the train. Word has been sent to the Pullman people that their porters will be expected to come to the dining car at any time any Pullman passenger desires a cup of coffee or tea, and deliver it to the passenger free of cost. The railroad dining car will furnish the drink, the Pullman company the service.

WRECKED ENGINES COMING.

The collision at Sidney, on the Wabash road, early Monday morning and mentioned by The Sentinel yesterday, was quite costly, two engines being badly damaged. The engines were Nos. 2081 and 2085, the latter "side-swiping" the former and turning it over on its side in the ditch. The wreck crew is at work picking up the overturned engine and both locomotives will come to the Fort Wayne shops for repairs Thursday or Friday. The accident was the result of one of the trains being slow in getting in the clear on a siding. Nobody was injured.

ASHPAN DOING GOOD WORK.

Engineers Schwartz and Whelan, the patentees of the locomotive ashpans which can be operated by levers in the cab, have just installed one of the pans on Nickel Plate engine No. 25, a small locomotive hauling a local freight train between this city and Leipsic. This was the sixth ashpans of this pattern to be placed on Nickel Plate engines, each being slightly different to meet the requirements of the different kinds of locomotives. No. 25 has a very low firebox and requires a somewhat smaller ashpans than engines with the firebox and grates much higher. The pans are giving good satisfaction, being popular alike with the officials and the engineers. They entirely obviate the necessity of the fireman going under the engine to throw out the ashes. The six engines equipped with them represent nearly every pattern of locomotive in use in this country.

SHOPS REMAIN HERE.

(Peru Journal.)

During the last few months the Wabash has been reported as threatening Fort Wayne with the removal of the shops on account of the difficulties encountered in the controversy over the elevation of tracks in that city, but the reports were apparently unreliable, as the statement now goes out from headquarters that such a move will not be thought of. Every town along the Wabash has been figuring as to how they were to be benefited by this move. General Manager Miller, of St. Louis, was recently in Fort Wayne, and it is supposed that he will order the work of elevation to be commenced in the near future.

PRESCOTT COMING SUNDAY.

W. B. Prescott, at the head of the educational bureau of the International Typographical union, will be in the city next Sunday and in the afternoon of that day will deliver an address at Harmony hall in the interest of those who are learning the printers' trade. The bureau has taken up a great work and it should be aided in all possible ways. Mr. Prescott was formerly president of the International Typographical union and is considered one of the most intelligent of labor leaders.

ACCOMPANIED LOREE SOUTH.

Supt. T. A. Sweeney and Trainmaster J. J. Corcoran, of the C. & H. D. came here last night and left this morning for Cincinnati, on the special train of which the private car of President L. F. Loree, of the D. & H. R., with that gentleman and the members of his family within, was a part. Mr. Loree went to Cincinnati and thence goes to Kansas City. He had been visiting the Misses Swinney, his aunts, a couple days.

BROUGHT TO FORT WAYNE.

Charles E. Hankins, the Wabash linemen who sustained severe injuries at Lagro Saturday night by jumping from a flat car as it was being moved by a Wabash engine, is getting along first-rate at his home in this city. He rejected a proposition to take him to the railway hospital at Peru and was brought here.

WABASH OFFICIALS HERE.

G. Edward Coutant, chief draughtsman for the Wabash, with headquarters at Springfield, and J. M. Hinman, storekeeper of the Middle division, with headquarters at Decatur, Ill., were in the city today, consulting Master Mechanic G. W. Smith and other officials on matters of business. They will return to their respective homes tonight.

TOM GLEASON DEAD.

Wabash employees in this city were notified of the death of Thomas Gleason at Peru last night. The deceased had been ill with bright's disease for a year or more and for two months had been unable to work. He was a locomotive engineer and for many years was employed on the Wabash.

CHUNK OF COAL HIT HIM.

Yesterday a chunk of coal, which rolled off the pile in the tender of an engine at the Pennsylvania round house struck the head of Charles Meyers in its descent, inflicting quite a bad scalp wound. Mr. Meyers, who is an engine preparator, was firing up when the accident happened.

WILL LEAVE HOSPITAL.

J. W. Clark, the Pennsylvania station master who has been quite sick at St. Joseph hospital for two weeks, has recovered to the point where it is possible to grant his request to be taken home and he will be removed this evening or early tomorrow. Mr. Clark is now in a fair way to recover.

planing mills are receiving new flues and while the work is in progress the engine gets its steam from the boilers in the main power plant.

COMES DAY EARLY.

The Pennsylvania pay master will reach this city at noon next Thursday, March 18, and will commence immediately to distribute cash among the company's employees. The paymaster is a day earlier than usual this month.

T. J. McHoney, recently from New York, and W. J. Raiber, from Markle, Ind., have taken positions as boiler-makers' helpers at the Pennsylvania shops.

Mrs. H. A. Harris, of Antwerp, Ohio, has returned to that city. She has been visiting A. C. Havland, of the Pennsylvania shops, and his family several days.

E. C. Galmeler, a packer at the Electric works, is attending court at Decatur, the case being a revision of property in which he is one of the interested parties.

George Conrad, of the Bass boiler shops, was called to Decatur yesterday by a message stating that his wife, who has been stopping there, is quite sick.

John Robinson, who was called to Warsaw several days ago on account of serious illness of his father, returned yesterday, the patient having greatly improved.

George Doenges, who was operated upon at the Lutheran hospital two weeks ago, is sitting up and will soon go to his home. The operation had very satisfactory results.

Ernest Lenz resumed charge of his machine in the Pennsylvania planing mills this morning, after a few days' absence. With Mrs. Lenz was visiting his married daughter in Forest, Ohio.

in Huntington. She went to that city Saturday night, accompanied by Mr. Frost, and he left the following day for the west, expecting to be absent three weeks.

Mrs. T. H. Gallavan, who has been ailing for over a year, is again quite sick and her husband, Conductor Gallavan, is unable to take his run out on the Nickel Plate on account of her condition.

The Nigerian Bitumen corporation, of Lagos, Nigeria, Africa, has an agent in the oil and gas fields of Ohio and Indiana seeking experienced oil field men to go to Africa. So far the agent has been only partially successful, getting a few men at Findlay to go to Africa.

To escape injury in what she thought would be a collision between a steam engine and the street car, she was riding on, Mrs. Samuel Sapp, of Pittsburg, jumped from the vestibule of the car and was killed Sunday

by the engine. The car just missed being struck by the engine by the motorman throwing on the power and pushing across the track ahead of the train.

C. W. Schultz and J. H. Johnson, employees at the Pennsylvania power plant, are off duty on account of sickness. The following Pennsylvania shopmen are also on the sick list today: E. C. Rehling, E. Struchen, W. Kawalick, J. P. Rowan, M. D. Merz, E. N. Crawford and J. R. Chadderdon.

The Nickel Plate this morning completed improvements at the depot which involve a new entrance to the baggage room. Heretofore all baggage to be taken into the baggage room from down town had to be dragged across the tracks or across the passenger platform. Now the baggage is delivered at an entrance on the north side of the room, to which a driveway of gravel and stone leads

from Calhoun and Superior streets. This change is a great improvement over old methods.

Anton Pongonis, a Russian, who came here a short time ago and took employment at the Bass works, resigned yesterday and took a position as laborer at the Pennsylvania coal docks. He was in the Russian army during the war in Manchuria with Japan and was taken prisoner by the Japanese. As soon as he could get out of the army he came to America. He has a brother in the Pennsylvania shops.

Several weeks ago a man was taken ill with symptoms of smallpox on an eastbound Pennsylvania train and got off here. When he learned that he was suspected of having smallpox, he disappeared, leaving his valise on the depot platform. Saturday the Pennsylvania police department identified the man as Morris Joseph, of 1713 Marshall street, Philadelphia, whither he went after leaving Fort Wayne. His valise was sent to him yesterday. The disease proved to be some other malady than smallpox.

GRAND JURY PROBE FOR LOS ANGELES SCANDALS

Ex-Mayor Harper Declares His Accuser Meant Only to Ruin Him.

Los Angeles, Cal., March 16.—Former Mayor A. C. Harper will be brought to this city from Corcoran, where he went after his resignation as mayor was accepted on Friday last, to testify before a special grand jury which will investigate charges of graft in the city government during Harper's administration.

W. E. Weber, of the district attorney's office, left last night for Corcoran with a summons for Harper and instructions to bring the former mayor of Los Angeles back with him.

It was stated last night by friends of N. Oswald, the man who furnished to E. T. Earl the information he holds against Harper and others that Oswald had left the city. A summons calling for his appearance before the special grand jury is in the hands of a deputy sheriff, but he could not be located last night.

A special grand jury panel was drawn yesterday and will begin the investigation of charges against E. T. Earl, Tarjor and others on Wednesday. Sensational developments are promised.

Harper Blames Earl for Ruin. Harper has issued a statement bitterly scoring Earl and declaring his resignation was a most stupendous blunder. The former mayor is crushed and broken in spirit. He is at Corcoran.

"I will return to Los Angeles and tell the grand jury all," he wrote, "though I intended never to set foot in the town again. I can see now how basely I was tricked. Earl has long been my enemy and eager to bring about my ruin. A friend told me it was impossible to defeat Earl's purpose of pulling one of his own creatures in the mayor's chair except by resigning. In a rage of resentment at that moment, I was ready to make any sacrifice to defeat his schemes, so I wrote my resignation."

"The loss of the office is nothing. I am heartily sorry I ever entered politics. My election as mayor has not brought me honor but shame—not happiness but misery and ruin. Even today, after all the misery public life has brought, I don't know the alphabet in this game of politics. It is a game I did not study before entering office, and I was not in office long enough to learn."

"Up to the time I was made mayor I did not have an enemy in the world. Today I haven't a friend. I was prosperous. I possessed a substantial fortune and my credit was good. My fortune and my credit now are gone, likewise my reputation. It is probable my inexperience as a politician and office holder had much to do with my making bitter enemies."

Couldn't Accept All Advice. "There were many men who wanted to advise me, to guide me, and choose the men whom I should appoint to fill the places of the various commissioners in the department of the city government."

"Earl was one of these men. It was obviously impossible to accept all advice and instructions given. It happened, among other things, that I did not appoint two men on the water commission, although Earl selected them. Then he hated me and determined to ruin me. He has succeeded."

"My duties as mayor took much of my time and I was forced to neglect my business. This resulted in the melting away of my fortune. Earl, an unscrupulous as well as a bitter enemy, chose as his time to begin his attack on me the time when my business affairs were most involved, the time when it was a real hardship for me to pay the expense of defending myself."

A RELIGIOUS AUTHOR'S STATEMENT.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Dreier & Bro.

In South Wales seaweed after being washed is boiled down and made up generally with oatmeal—into cakes and eaten with bacon. It is called laver bread and is considered a great delicacy.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, it swells and closes, so that the vibrations cannot reach the drumhead, and the hearing is lost. Unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Life of a Pimple

Complexions Are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of poison, a new skin disease, ask that you be given that no one is urged to purchase it without first obtaining an experimental package. Those who have tried it will find that the fifty-cent box on sale at Meyer Brothers' and all drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, blotches, blemishes, scaly scalp, dandruff, and every other form of skin trouble, including itching feet. Being flesh-colored and containing no grease, the presence of poison on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin trouble, sometimes even causing them.

As to the experimental package of poison, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-fifth Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.

PITCHES TENTS; TRIES GUNS.

Roosevelt Dress Rehearsal of Jungle Trip at His Home.

Oyster Bay, N. Y., March 16.—With a member of the firm which supplied a greater part of his personal outfit for the African trip, ex-President Roosevelt yesterday made a careful inspection of the articles. Four men from New York came to Oyster Bay by automobile, in which they brought a portion of Mr. Roosevelt's outfit, which had been ordered last August.

Mr. Roosevelt saw his small tents pitched on the lawn and everything put in order for occupancy. Every detail of the outfit was gone over and in a number of instances deficiencies were pointed out by Mr. Roosevelt. These missing parts will be packed in New York. One part of the outfit was taken back to New York and it will be placed on board the steamer Hamburg at Hoboken during the week. The remainder of the outfit is being packed by Mr. Roosevelt.

The ex-president was enthusiastic during the inspection of the outfit and expressed himself as being highly pleased with the clever manner in which the materials were made and packed.

Before finally packing his guns, Mr. Roosevelt took them out to his target range and discharged each half a dozen times. It is said he succeeded in hitting the bull's eye in a majority of the shots during the practice.

HOOSIERS CHEER SHIVELY.

Indiana Society of New York Hears Newly Elected Senator.

New York, March 16.—Benjamin F. Shively, the newly elected United States senator from Indiana, made his maiden address in New York last night when he was the principal speaker at the fourth dinner of the Indiana society at the Waldorf-Astoria. More than 200 Hoosiers cheered his oratory.

Senator Shively did not refer to politics, except casually. He devoted most of the speech to a resume of the fight against piracy, beginning before the Monroe doctrine and ending with the freedom in South America and the civil war. He said he was surprised to see so many natives of Indiana living in New York, and urged them when they felt so inclined to return to their native state, to the shores, as he expressed it, "of the limpid waters of the Ohio and the silver sheen of the beautiful St. Joseph."

Other speakers were U. N. Bethell, David Graham Phillips and William Hepburn Russell.

James B. Curtis, president of the society, was the toastmaster.

JOHNSON DENIES HE WANTS A PLACE ON THE GIANT STAFF

Believes It is no Affair of the Public at Any Rate.

Chicago, Ill., March 15.—"All this talk of my wife being a white woman is nonsense. She is three-quarters colored blood and her name was not Nellie O'Brien, either. Her name was Mattie Smith, and, instead of being born in Philadelphia, she was born in Mississippi."

In these words Jack Johnson, heavyweight champion of the world, who returned to Chicago yesterday, contradicted the statements that he had been traveling with a white wife.

Johnson has become incensed over stories which he says were calculated to stir up race prejudice against him, and stated that if Calverton wanted to tell of the reception which the colored citizens had planned for him they could go ahead and do it.

"Mattie and I were married in Nevada two years and one-half ago," he said. "There was nothing secret about it. The only thing is that she has traveled with a vaudeville show and we were separated, and it was not generally known that I was married. I wasn't in the limelight so much in those days and the public was not much interested in my affairs."

"I want to say one thing—that I don't see where the outside world need concern itself with a man's private affairs. If my wife was of white blood and really loved me, I can't see why she should be married. I know that I love the girl and she is fond of me, and I think that is all that is needed. I would like any man to go over my record and see if I have done anything wrong, and if I have, I am ashamed of doing it. I wish this talk about my wife would stop. She is in Milwaukee visiting friends, and she went there to escape publicity."

Johnson met an enthusiastic reception when he came in over the St. Paul road yesterday morning, and also received an ovation when he was introduced from the stage of the Peoria theater last evening by Manager Robert T. Mott. The colored population of the region turned out in force to see Johnson, and he was followed about the Twenty-fourth street region by a large throng of admirers.

Johnson repeated his talk about Jeffries. "He is the first man I want to meet," he said. "But I can't meet him now. Besides my match with Langford in England is apt to be canceled. English contracts are not the same as those over here, and you can wipe them out under certain conditions. I have New York and southern engagements offered to me. I may leave today at noon or I may sign up here for a run in the latter case, I will be here for probably two weeks."

Johnson was dressed quietly when he arrived, wearing a modest colored suit and a soft hat. He is stopping with friends on South State street. He spent the afternoon visiting his old resorts, which he left nearly two years ago, but did not touch a drop of liquor in the course of the day. He said that he had only taken three glasses of champagne since he ended his bout with Burns and then only to celebrate some festive occasion.

He expects Promoter Hugh McIntosh to arrive Sunday in case he himself does not. He says that Jeffries, however, will have to give him reasonable terms.

"I am willing to leave it to the public," he said, "as to whether the terms I will lay down are fair. I won't act as Burns did to me."

MARQUETTES LOSE A HOT SERIES AT ST. MARY'S

Got Most Pins and Best Average But Married Men Won.

The Marquettes made twenty-six pins more than the Married Men at St. Mary's last night and had the best of the team average and the highest score for one game, but lost the series 2 to 1 for the reason that the players bunched pins in the second. A peculiar feature of the rolling was that Delegrange, C. and Ed Parrot each scored 190 pins and C. Parrot scored the same figure in the opening contest, making a total of 4, that were just one pin under the double century mark.

Joe Zurbuch was the star roller among the Bowleds. He cut into the series with 223 in the first game and was high man. Kocks got better than a double in the second. The scores:

DONLIN WILL REMAIN ON STAGE.

Mike Issues Statement Which Says That He Has Signed Contract. Boston, Mass., March 15.—Mike Donlin, actor, ball player and holdout, will not be with the Giants this season. Mike and his wife are playing an engagement at a local theater. In reply to the query, "Will you play in New York this season?" he said that he is all through. "I was willing," continued Mike, "but my figure do not strike me in the right spot. It advised me to continue on the stage, and my management could not pay the price I asked. His ultimatum reached me three days after he mailed it in New York. I was in Columbus, O., at the time. Since then I have not heard from him. I did decline in the meantime until last week, when I signed up and myself working until July 1, when we shall close in Los Angeles."

SECOND DIVISION GOES SOUTH.

Manager Abbott Says Toledo's Pitching Staff is Up to A. A. Toledo, Ohio, March 15.—The second division of the Toledo baseball club, comprising all the outfielders and infielders, ambled yesterday at Cincinnati and departed with President William Armour in charge this morning to join their companions in training camp at Columbus, Ga. The following players reported at Cincinnati: Outfielders, "Sax" Seybold, Homer Amott, Charlie Hickman, Collins, infielders, George Nill, Jake Daubert, Ray Evans, Billy Elvort and George McCarthy. President Armour today received a letter from Manager Abbott, in which the latter says the local pitching staff is improving rapidly and will be up to the standard of the American association.

ROMARY PLAYS AT KENDALLVILLE.

Fred Romary, of Fort Wayne, is to be the catcher for the local baseball team the coming season. This fact was made known today when Manager Frank Liso stated that he had indicated Romary. He is a fast man behind the bat and is equally as good with the stick. As to the twirler who will occupy the box, Manager Liso has secured none as yet but he has his eye on several good artists and he doubts the batteries of the team this year will be as good as the one which closed the season last fall.—Kendallville News.

WESTON STARTS JOURNEY.

Famous Old Pedestrian Expects to Make Trip in 100 Days. New York, March 15.—Edward Payson Weston, the veteran walker, started from the New York postoffice building at 4:30 o'clock yesterday afternoon on a 4,300-mile walk to San Francisco. Weston was started him off and entrusted to the old "ped" a message of greeting to the postmaster in San Francisco.

GETS FIRST BASEMAN.

Manager Grant Secures Contract of John Hoey. John Hoey, who played first base for Wilmington in the Carolina league, has signed with South Bend, and Grant now has a man to take the place of Big Ben Hayworth, who says that his farm requires all of his attention.

RODEHEAVER WITH COLTS.

Fort Wayne Player Will Take Trip With Anson's Club. Tony Rodeheaver, who played with a number of teams in this vicinity and who is a Fort Wayne product, has caught on with Anson's Colts and will make the eastern trip with the aggregation.

DORANDO WINS FROM HAYES.

Italian Defeats His Olympic Conqueror for Second Time. New York, March 15.—Dorando Pietri, in Madison Square Garden last night, repeated his victory of last fall over Johnny Hayes in a race over the full marathon distance.

JESSUP WILL MANAGE.

Clarence Jessup is in on the deal to organize the Indiana State league and will manage a team at Richmond. Since his retirement from professional ball several years ago he has had charge of a semi-pro club at his home town.

BURNS GOT IN BAD.

"Biddy" Burns, at one time a member of Jack Hardy's Interstate team, is under arrest at Napoleon, Ohio. It is charged that he ran away with another man's wife.

BRUNSWICKS ROLL A LINE UNDER CUT SECOND TOTAL THAT GETS IN PAY

Fort Wayne Elks Did Not Comparatively Few Men are Holding Out on Contracts.

Comparatively few players are holding out on account of the cut in salary rendered necessary by the league rule fixing \$200 as a maximum salary for any one player, and when the time for negotiating comes around and the men see that the rule is a fixture it is likely that they will fall into line and play ball. A ray of hope for the high-salaried men in the league last season was the presumption that the league managers at the Territorial meeting would lift the lid in order to get the holdouts in line, but they did nothing of the sort, and not only that—they said they would stick for the limit right through the season.

Frankie Donahue and Charley Alberts are the two men that are giving the local management the most worry, as the owner and manager were to figure with in the time this season, but not at the expense of spending the wage receipts in players' salaries. The prediction is that both men will be on hand at the right time.

Donny Sheehan is the man who is carrying Grant and he shows no disposition to change terms. However, when he figures that he can get back for a couple of hundred thousand a month or work twice as hard at something else for less than half the money it is probable he will come across. George Timan will sign because he knows he can't get any more than he has been offered to him. He has been in the league six years and never has anybody thought of buying or drafting him for faster company, which is evidence that he is just about good enough for the "Central." With Kurko it is a different proposition. He has a tremendous engagement and could probably stay out all season.

Dayton is having no trouble and neither is Wheeling. They never had any holdouts, and if they did, they were all disposed of at the end of last season. Both will build up from youngsters. Few of the old men are wanted at Grand Rapids and Bert Noblett is the only red star, although Bill Halley might be wanted as a catcher, as he showed some class last season. Raley will be there to open the season at the head of a practically new team and whether Noblett signs or not he will be able to put a strong team in the field.

Clayton is having no trouble and neither is Wheeling. They never had any holdouts, and if they did, they were all disposed of at the end of last season. Both will build up from youngsters. Few of the old men are wanted at Grand Rapids and Bert Noblett is the only red star, although Bill Halley might be wanted as a catcher, as he showed some class last season. Raley will be there to open the season at the head of a practically new team and whether Noblett signs or not he will be able to put a strong team in the field.

Story Corner for Base Ball Fans

You can never tell by the looks of a recruit how much baseball ability he may have stored up ready to deliver when he gets the opportunity and the proper encouragement.

Roger Bresnahan was signed by Fort Wayne at one time, but not enough was thought of his services to order him to report. Now he is manager of the St. Louis Nationals and three of the best pitchers in the league had to be sacrificed to get him.

Pat Tebeau once said that Bill Bradley was so awkward he would never make a ball player, while the same clever manager turned Tommy Leach down because he was so little.

Billy Nance, at the time in question captain of the Kansas City club, ordered George Stewart off the field. George was only an amateur and Nance said the field was intended for real ball players.

Walter Johnson once signed with Tacoma for \$75 a month, but was released because of ineffectiveness. Within a year he was a member of the Washington club and one of the pitching marvels of the decade.

Matty McIntyre, twice a member of the American league champions, received a bounty trial with the Athletics, but was turned loose before the season opened.

The Cleveland managers and scout could not see "Babe" Marston but their lack of judgment in this case may be demonstrated.

Detroit once had Elmer Glette, but discarded him and the young Frenchman almost beat the Tigers out of a pennant last season.

The Boston Nationals once regarded Jimmy Collins as a baseball lion and shipped him to Louisville, but was mighty glad to be able to get the great third sacker back again.

Harry Howell was of so little account that Griffith threw him in "to boot" when he bought Jack Russell.

Harry Davis was named by several managers before he became one of the best first basemen in the land.

"Topsy" Hartsel, still regarded as one of the very best outfielders in the business, was regarded as a joke by Cincinnati and shipped to the Indianapolis farm.

Lawson was the first club to give "Rube" Marquard a trial. The opposing team scored him out in one inning and his release came mighty quick. Three years later New York paid \$11,000 for the same pitcher.

Some ten years or more ago Fred Clarke went up to Dayton to look Elmer Flick over. Elmer fanned three times and Clarke designated him as a lemon. A year later Clarke would have been willing to pay five times what Armour had asked for Flick.

"Toby" Cobb could run when he first reported to Augusta in the South Atlantic league but could do little else. He was turned out a couple of times before he was finally counted a regular.

Ed "Nig" Clarke got a few years ago, Strickland considering him worth three postage stamps. About the same time Eddie Joss was turned out to Tecumseh by Toledo. The other pitchers, however, went bad and Joss got his chance.

DR. HARDMAN Specialist

I Cure Pelvic, Nervous and Chronic Diseases.

REDUCED FEES.

For the purpose of proving the advantages of my methods of treatment, and the rapidity of the cures I make I will not only give to everyone who calls a careful and thorough examination free of charge, but to further demonstrate to the public my ability to CURE these chronic and deep seated diseases in which the ordinary methods are of no avail, and to enable the many sufferers to obtain a cure before the warm weather of spring I will make a GREATLY REDUCED FEE in all cases I accept for treatment from now until APRIL 1.

"HUNDREDS of satisfied patients have testified to my ability to cure these CHRONIC and DEEP SEATED diseases in which the ordinary methods have failed. (WHAT I HAVE DONE FOR OTHERS I CAN DO FOR YOU.) I PERSONALLY TREAT EVERY CASE MYSELF.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated PELVIC DISEASE. By my special methods of treatment I am able not only to cure the disease itself, but to restore to normal and healthy condition nearly all sufferers from NERVOUS BREAKDOWN and VITAL WEAKNESS.

FREE EXAMINATION. To any sufferer who honestly desires to get well I will give a careful and thorough examination FREE OF CHARGE, and if your case is curable I will make my fee as low as possible and consistent with honest scientific treatment. If you cannot be cured I will frankly tell you so, as I have no time to waste on incurable diseases. I learn the exact condition of the rectum, the bladder, and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken down nervous system and many more of the troubles of the STOMACH, LIVER, HEART, KIDNEYS, ETC., are reflex, and are the direct result of some PELVIC LESION OR DISEASE.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business. BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases. ECZEMA and other skin diseases quickly cured. PROSTATIC ENLARGEMENT—Results from inflammation. THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.
Chicago, Ill., March 16.—Renewed talk of a possible war in the Balkans had a stimulating effect on the local wheat market today, prices at the start being up 1/4 to 1/2 c. compared with the previous close. Demands, however, were not urgent and the trading was rather quiet early in the session. A feature of trade was buying of the July delivery by some of yesterday's sellers. May opened at \$1.15 1/2@1.16 1/2 and for a time held within that range. July, which opened at \$1.04 1/2 to \$1.05 1/2, advanced to \$1.05 1/2@1.06 1/2.

A heavy tone developed in the final hour, owing to general selling. May declined to \$1.15 1/2@1.16 1/2. The close was weak with May at \$1.15 1/2@1.16 1/2 and July at \$1.05 1/2@1.06 1/2.

Despite liberal receipts and weather favorable for the movement the corn market was firm at the start. The strength of wheat and the bullish influence of prices at the opening were a shade lower to 1/4 higher, initial quotations on May being at 67 1/2@67 3/4. Early in the day May sold up to 68c.

Buying was renewed on intimations that the president's special message was expected, prompting the local wheat market. The market was firm at the start, with an advance of 1/4 points. The movement died out towards noon. Bonds were steady.

The corn market slumped with wheat, May declining to 67 1/2c. The close was weak with May at 67 1/2c and July at 67 1/2c.

Oats were quiet and strong, offerings and demand being limited. The firmness of wheat and corn was the chief factor. May opened 1/4 to 1/2 higher at 54 1/2c to 56c and held within that range early in the session.

Provisions were firm on a decrease in receipts of live hogs here and at other western packing centers. The volume of trade, however, was small. Prices at the start were a shade to 10c higher.

**Carl Cough
Remedy**
We sell a great many cough
remedies, but none that we can
recommend any better than
this one. It is a prescription
of a prominent physician of
some time ago, and in the
many years we have made this
we have found very few
coughs, however stubborn, that
it will not break up.

CITY BREVITIES.
The C. C. Rodenbach cigar factory
has been moved from 1022 Barr street
to 1131 East Lewis street.
Charles Christy, of Spy Run avenue,
is at Hope hospital, where he sub-
mitted to an operation for appendicitis
yesterday morning.
Clem Lauer has recovered from the
effects of an operation performed two
weeks ago and will leave tomorrow for
Toledo to resume his place in the of-
fices of the International Harvester
company.
Word has been received here of the
reappointment of Edward Bookwalter
as postmaster of Hainstead, Kan. He
is a brother of E. H. Bookwalter, of
this city, and of Mayor Bookwalter,
of Indianapolis.
It is believed the joint meeting of
the doctors and druggists in the court
house assembly room this evening will
be mutually interesting and that the
talks of members will be profitable to
all concerned.
Henry Painter, the young man sen-
tenced by Judge O'Rourke for from
two to fourteen years in the reform-
atory for attempted assault, was tak-
en to Jeffersonville by Sheriff Reich-
elderfer this morning.
"My three year old boy was badly
constipated, had a high fever and was
in an awful condition. I gave him two
doses of Foley's Orino Laxative and
the next morning the fever was gone
and he was entirely well. Foley's
Orino Laxative saved his life." A.

CONSIDERING A HIGH SCHOOL.
The project of establishing a pa-
rochial high school by the executive
board of the German Lutheran
churches of the city which was to
have come up for discussion and if
possible settlement at the meeting
last evening was but briefly touched
upon at that time. It is argued that
many of the boys and girls leave the
parochial graded schools immediately
after confirmation and enter the pub-
lic schools but that if a high school
was in existence, a better hold could
be had upon them. The matter will
likely come up at the next meeting.
The question of representation of
the various churches on the executive
board of the Lutheran hospital was
also left undecided last evening. Some
of the church boards feel that rep-
resentation ought to be regulated ac-
cording to the size of the churches,
whereas each church now has three
members upon it.
